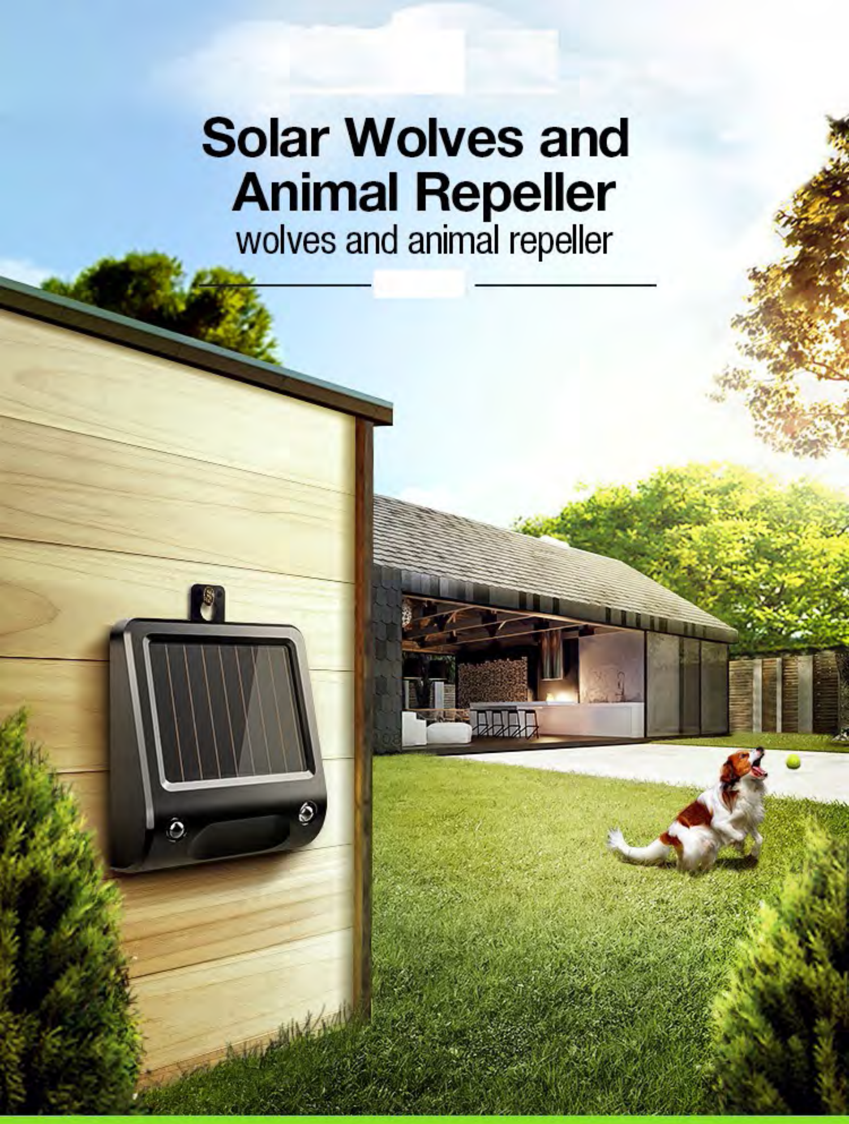
Solar Wolves and Animal Repeller

wolves and animal repeller



Red Light Drives

Solar Powered

Waterproof IPX4

Working At Night

Easy To Install

Red Flashing Drives

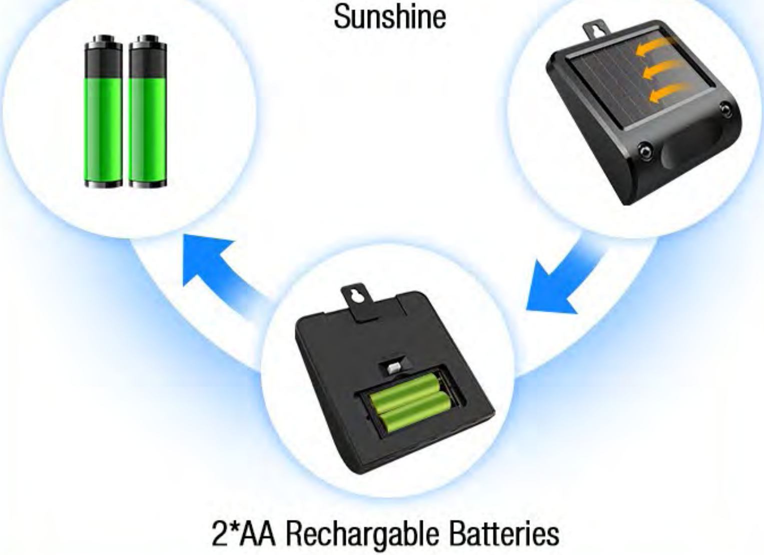
Using strong red flashing LED light to scare the animals like wolves, cat, dog, fox away.

Solar Powered

Solar panel collect solar energy and charge the rechargeable batteries inside.

Solar Panel

Solar Energy Conversion Diagram



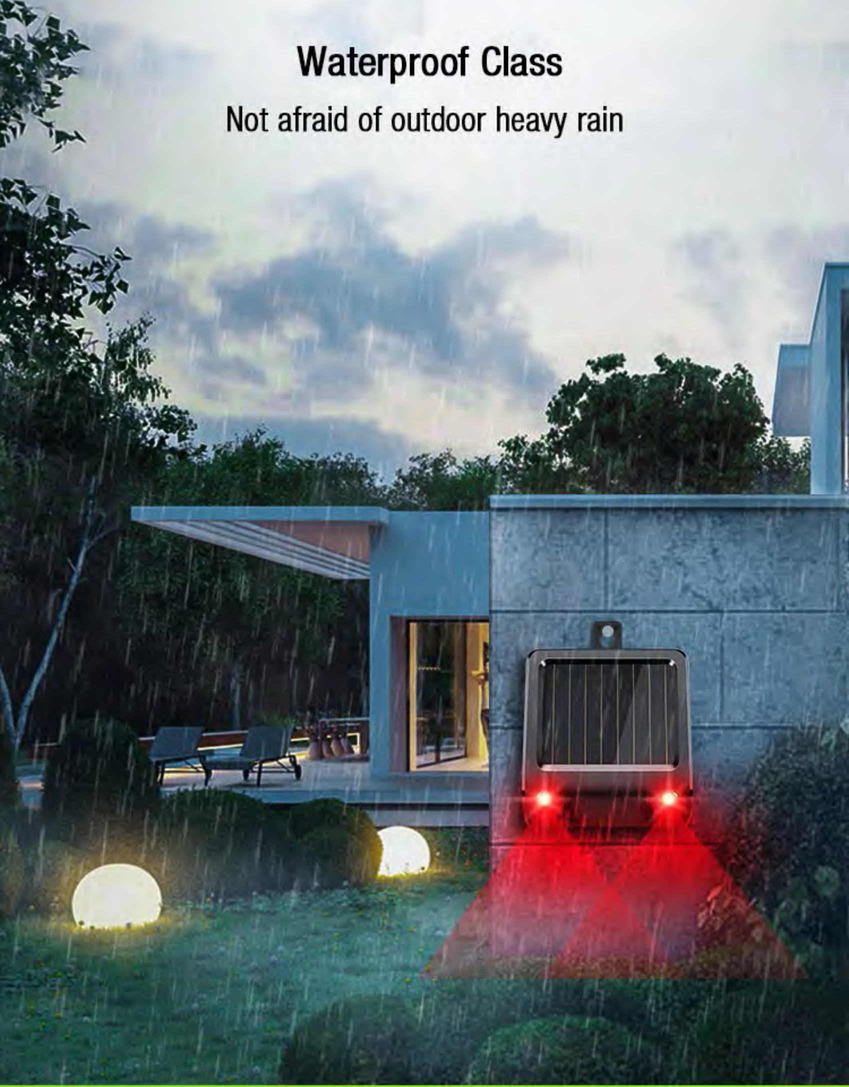
Sunshine
2*AA Rechargable Batteries

Intelligent Light detect system

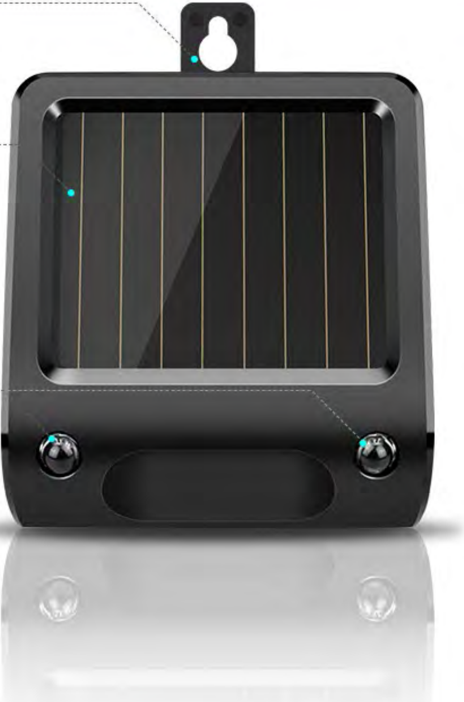
Automatically and only turn on at
night(dark environment) and automatically turn off
in day time(bright environment).

Waterproof Class

Not afraid of outdoor heavy rain



Product Information



180° Rotatable Hanger

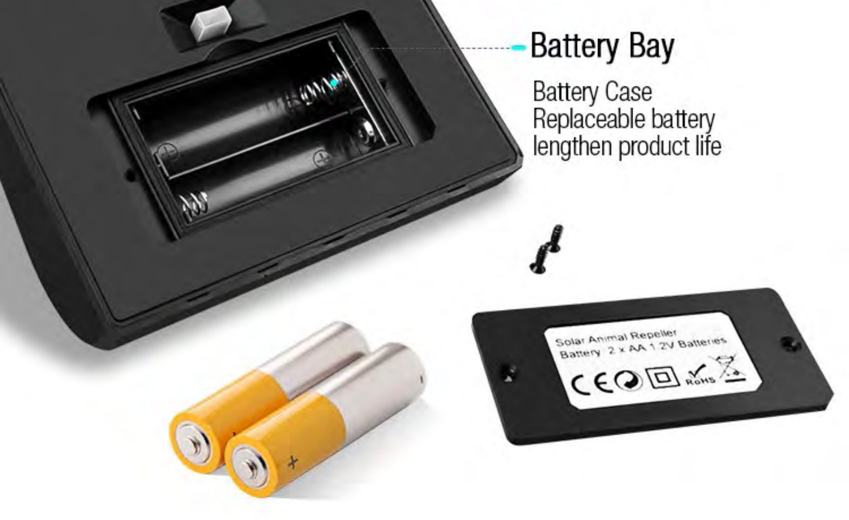
Solar Panel

Red LED

Don’t flash during the day, automatically turns on at night

ON/OFF Switch

Reduce the power consumption during transport or sales



Solar Animal Repeller
Battery 2 x AA 1.2V Batteries
CE
RoHS

Battery Bay

Battery Case
Replaceable battery
lengthen product life

Dual Solar
Animal Repeller
Double Side

For Deer / Raccoon / Rabbits / Dogs / Cats / Birds / Possums / Foxes

Function Summary

Ultrasonic Drive

Flashing Drive

Infrared Induction

Solar Powered
