

# I Leave Toys At School

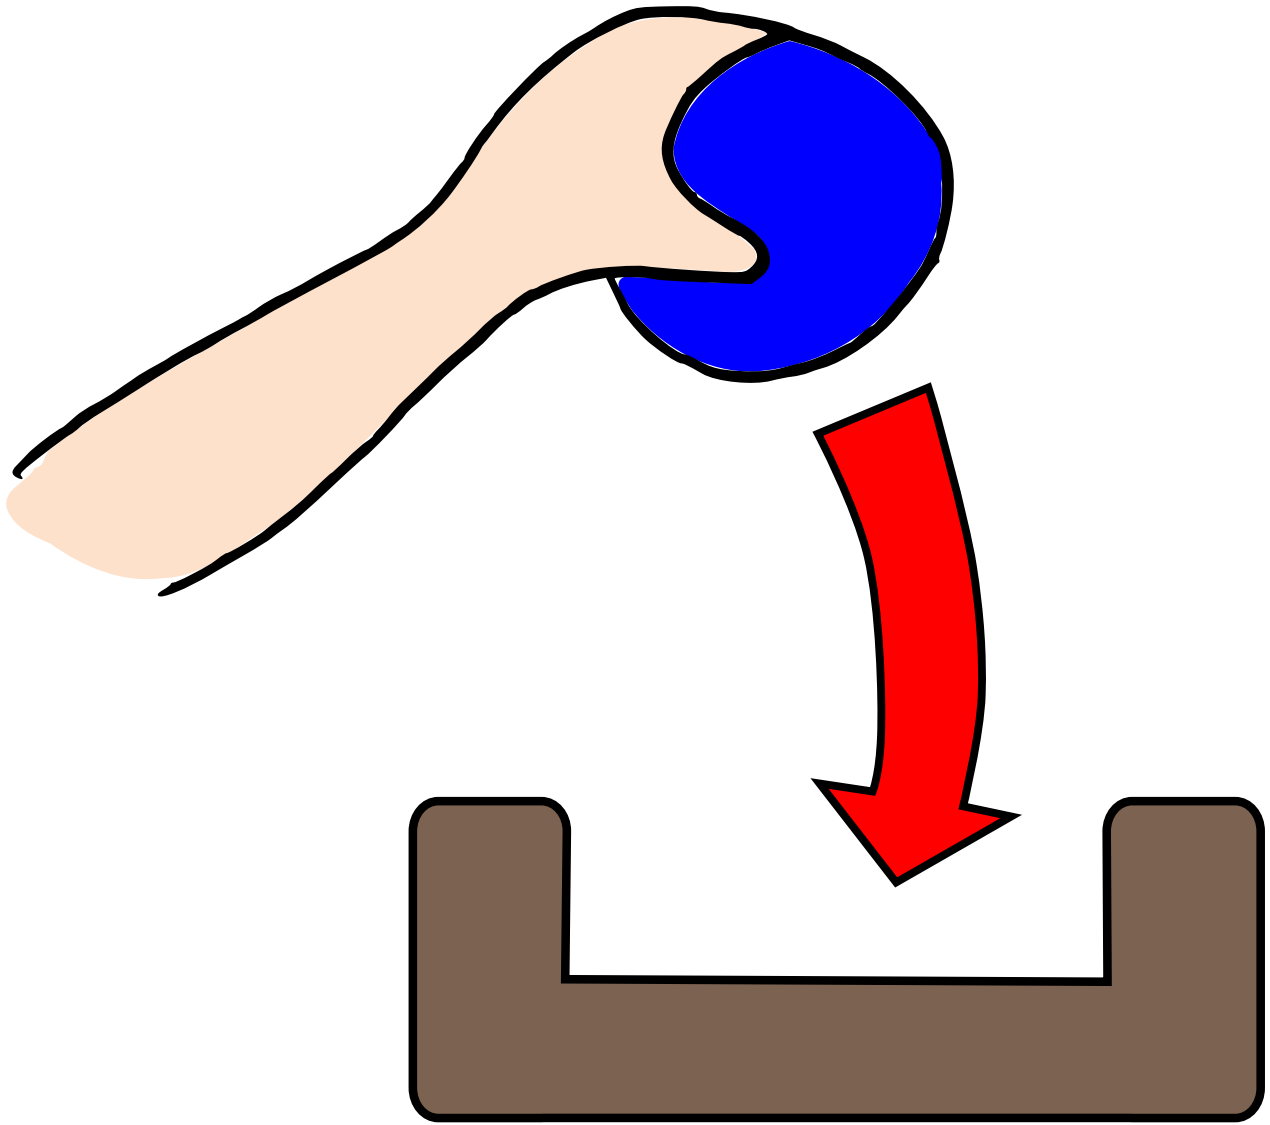

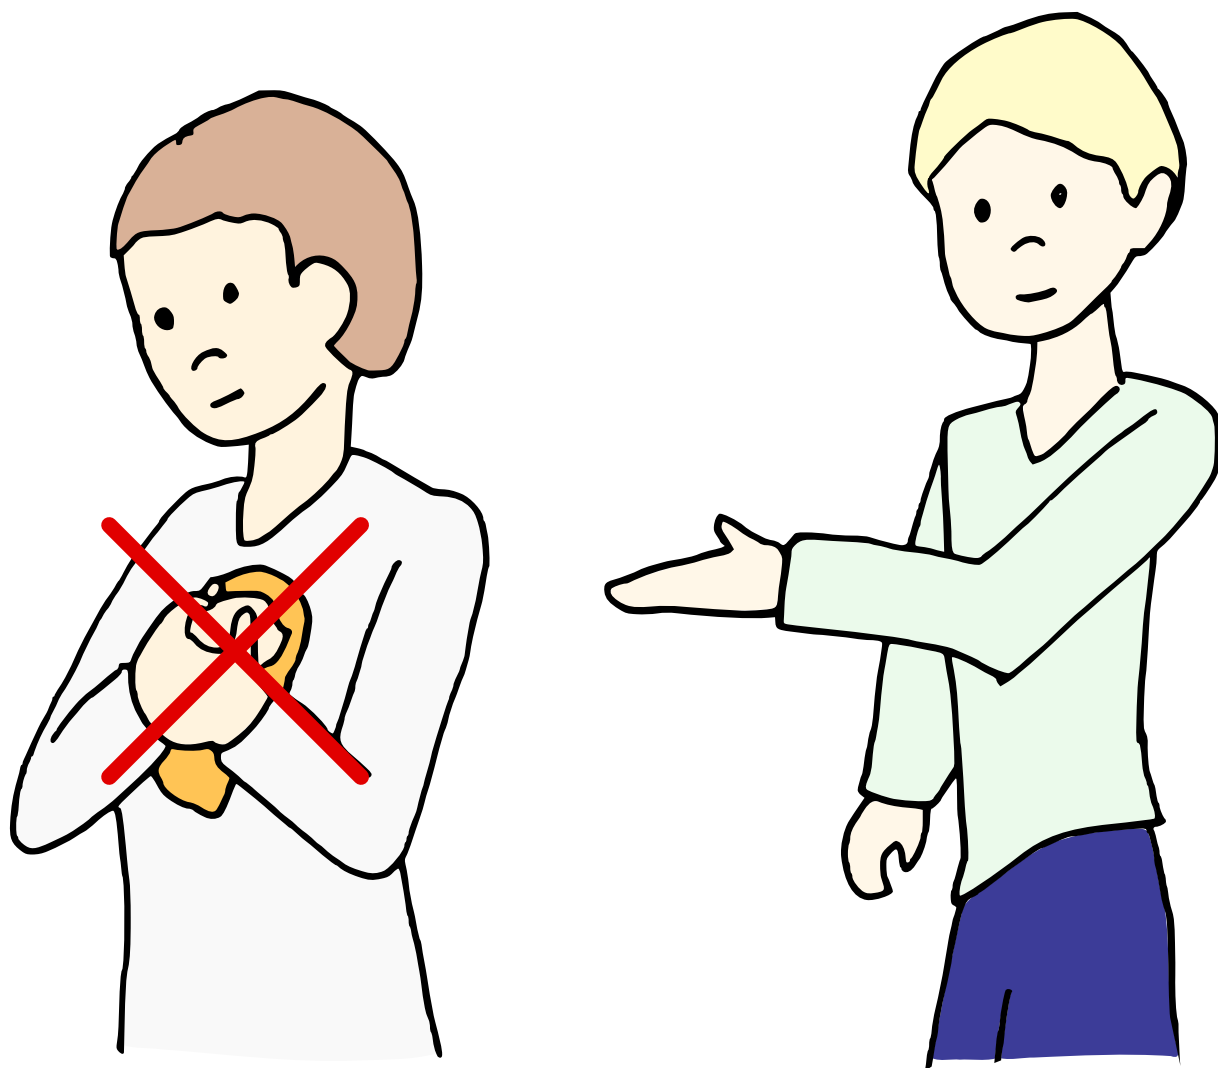

Sometimes, I'm having a lot of fun  
with a toy at school.

The toy might belong to the school,  
or it might belong to one of my  
friends.

But unless the toy belongs to me, I  
need to leave it at school

If I put a toy that doesn't belong to me in my pockets or bag I have two options:

I can put it back where it belongs at any time.

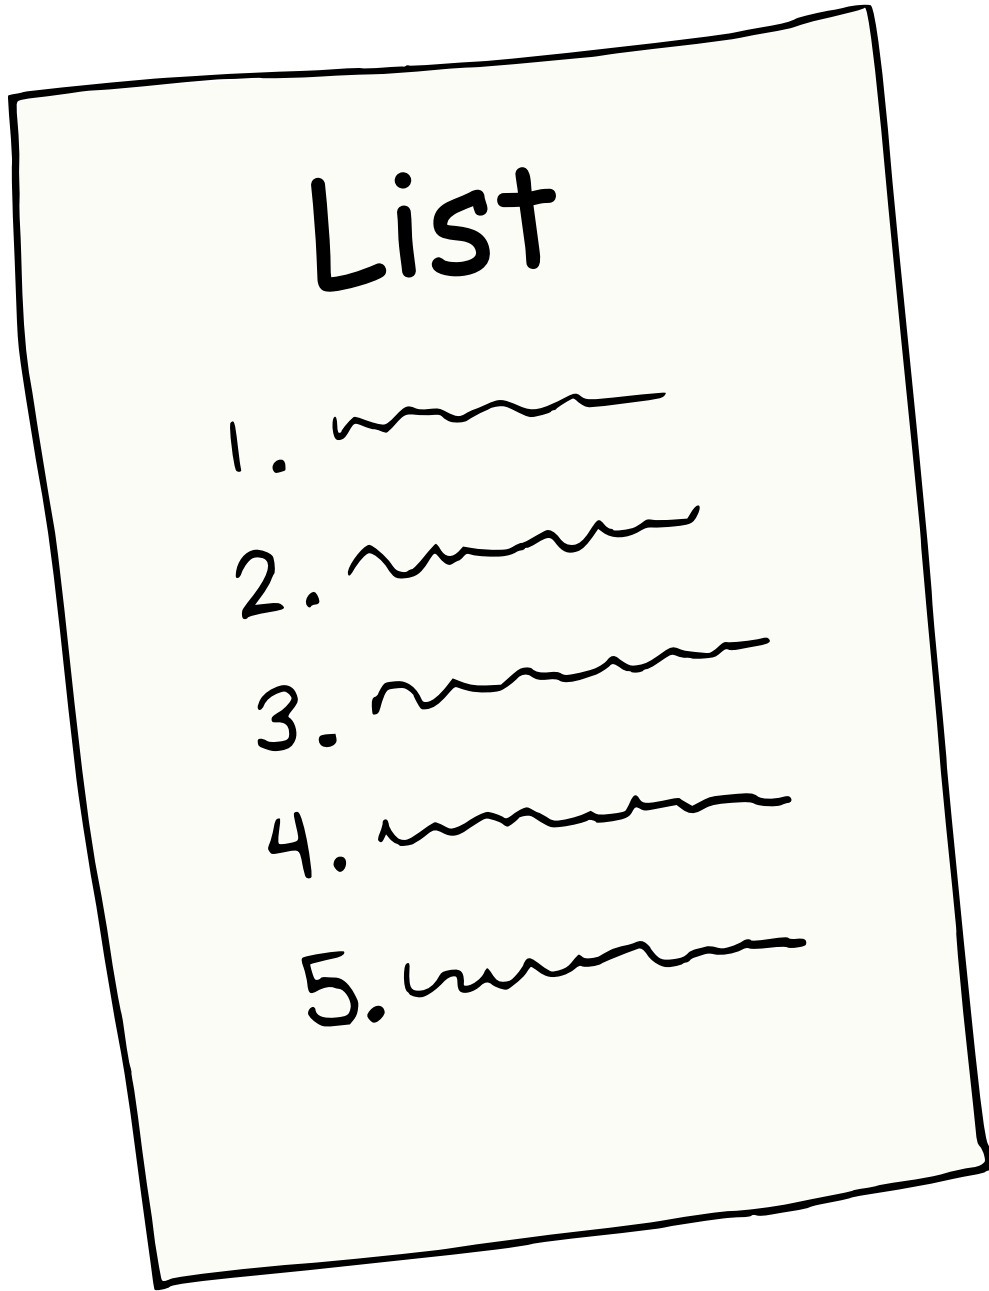

I can tell my teachers that I made a mistake and give the toy to them.  
They will not be mad.

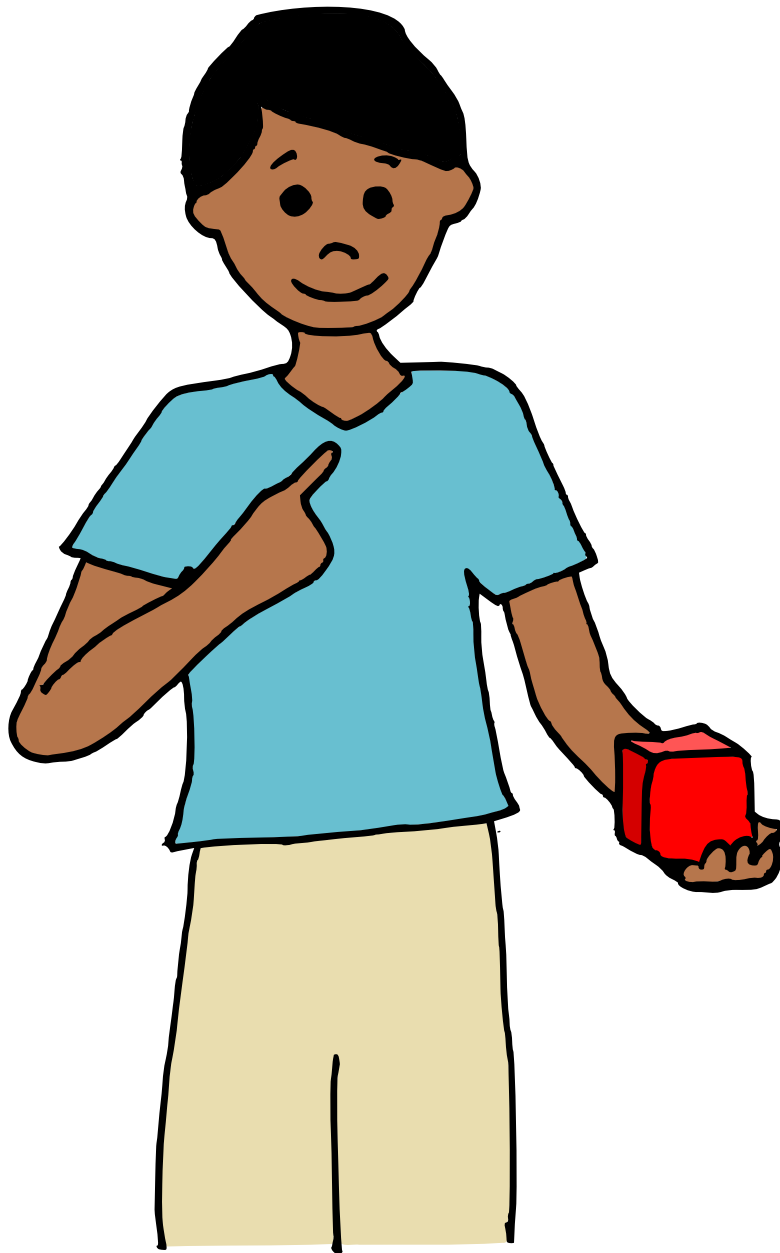

If someone is using a toy that I want to use, I can ask "Can I have a turn when you're done?"

If there's lots of people who want to use a toy- we can make a wait list.

If I'm using a toy that someone else wants to use, I can tell them "I will give it to you when I'm finished."

I do not have to hand the toy over  
right away.

Taking turns and leaving school toys  
at school means everyone can have  
fun.
