

We're Going Visiting

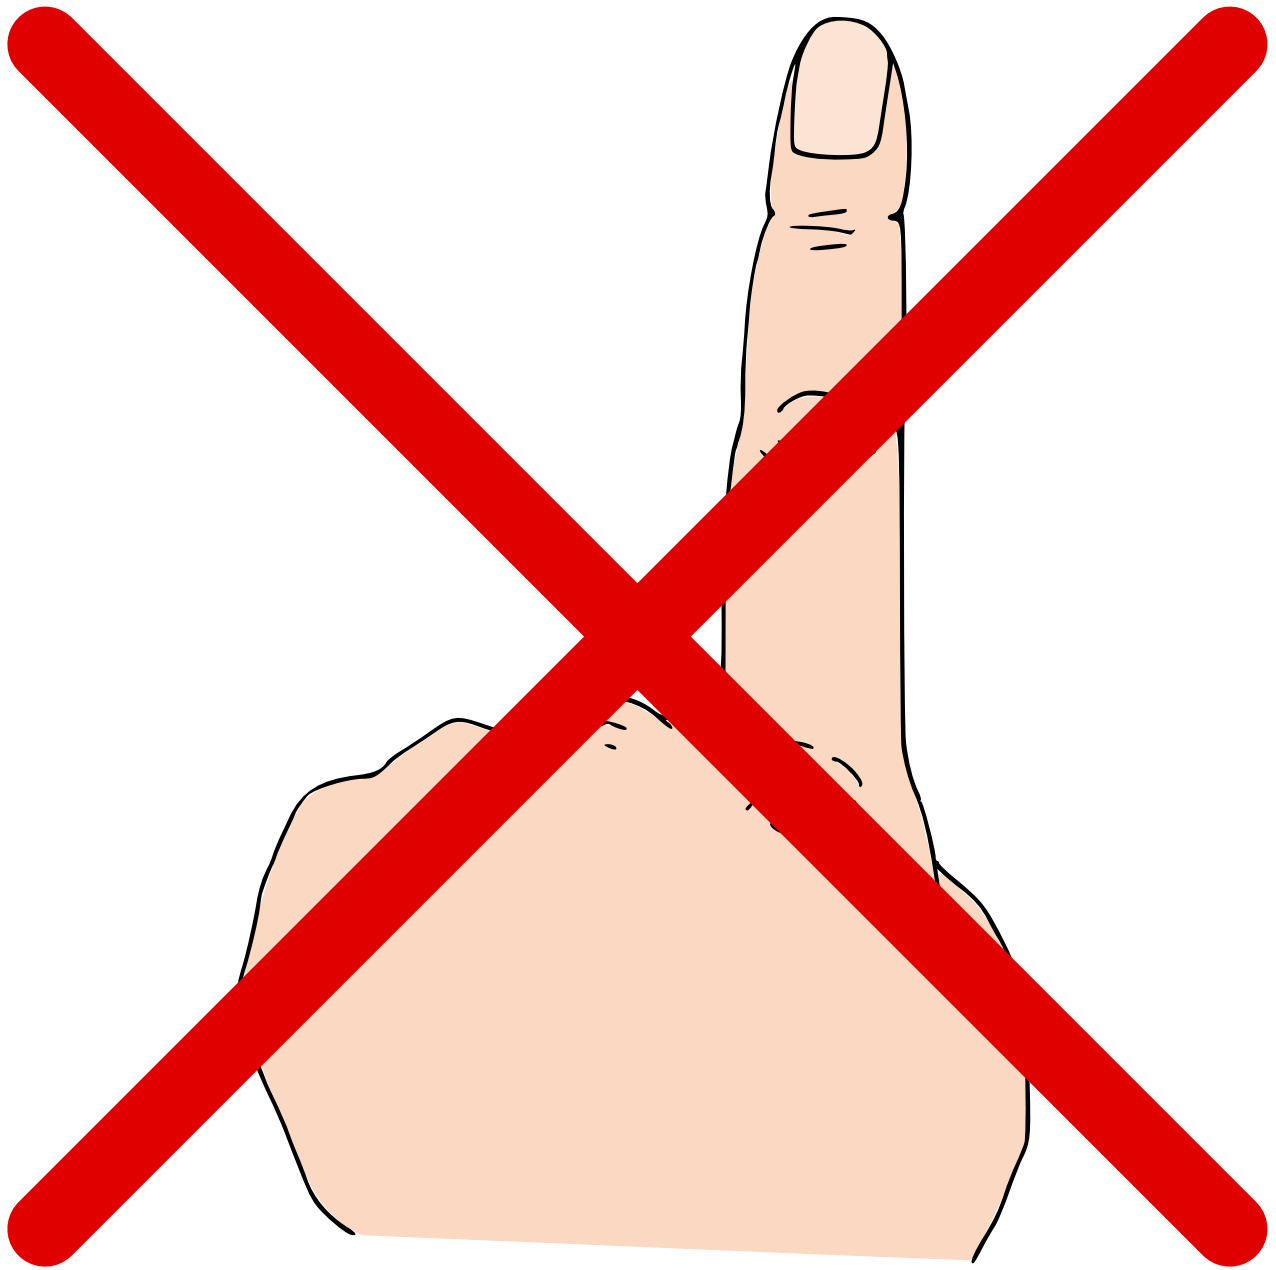

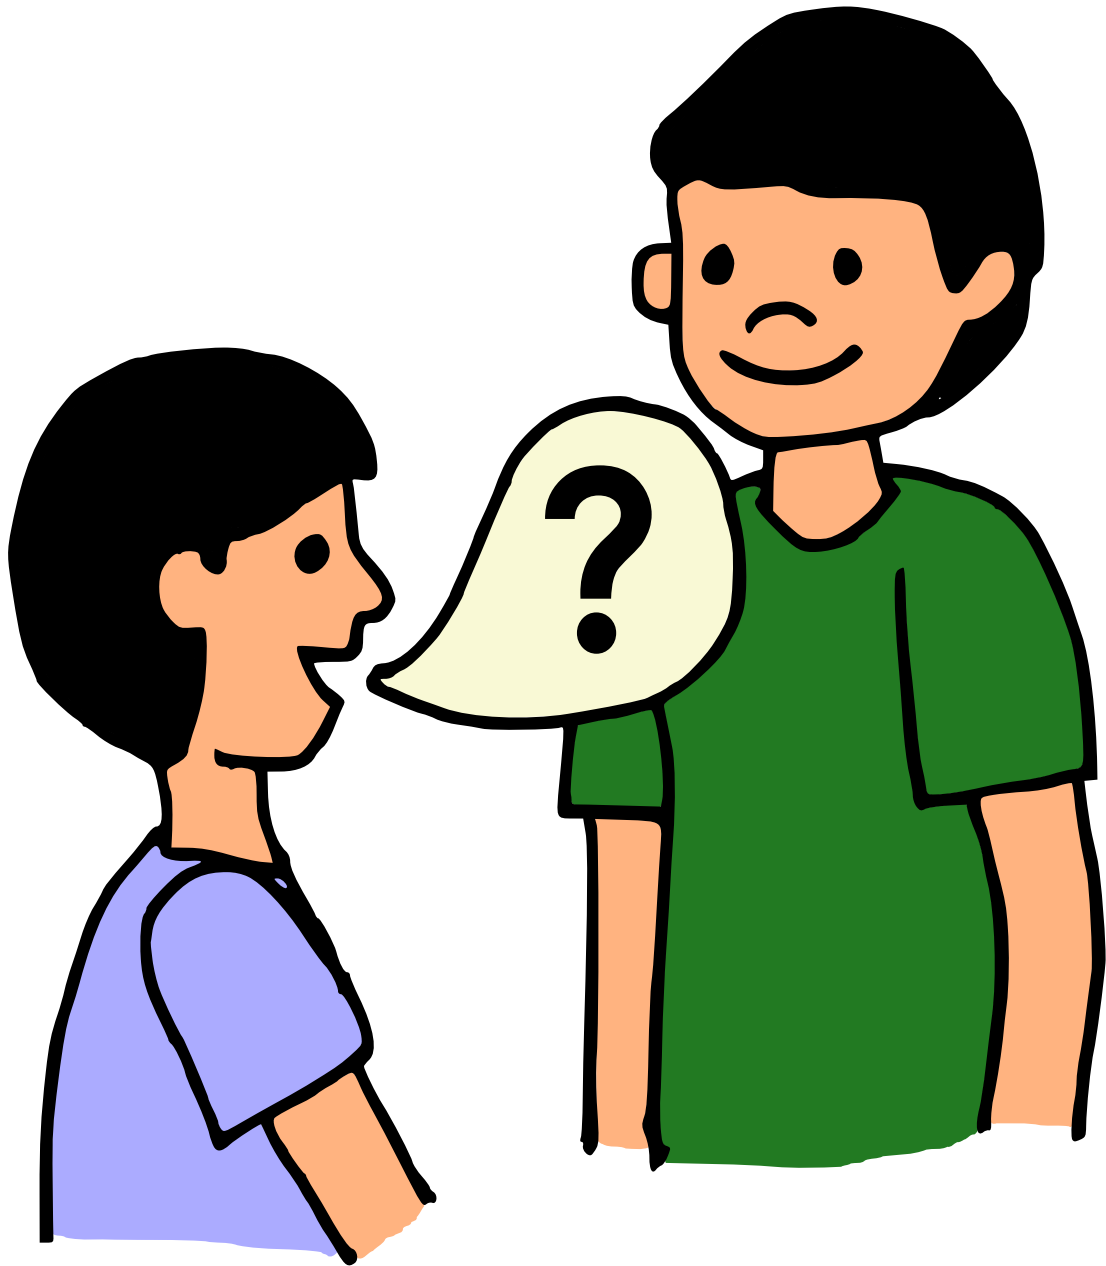

We're going to visit someone.

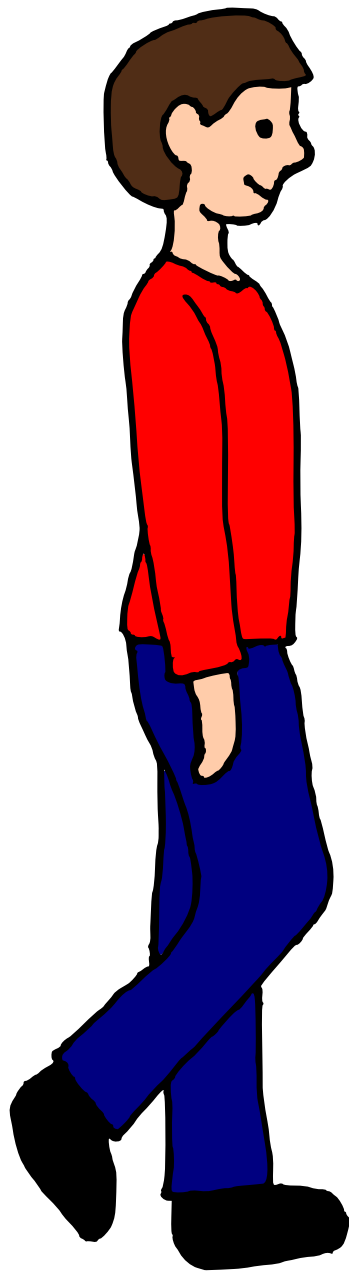

Their house is full of their things. It might not be set up for kids.

I will not touch their things without asking.

If I need to move my body in a big way, I can ask Mom or Dad to take me outside.

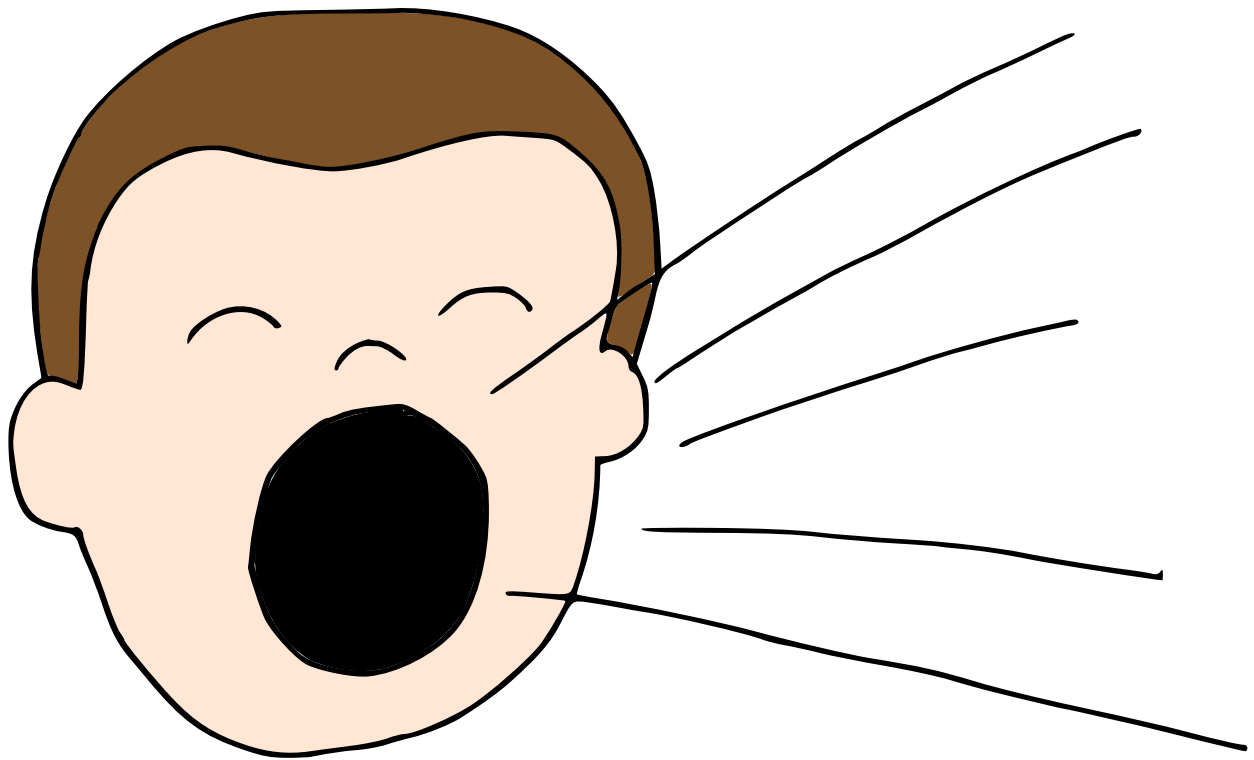

I will use walking feet in their house.

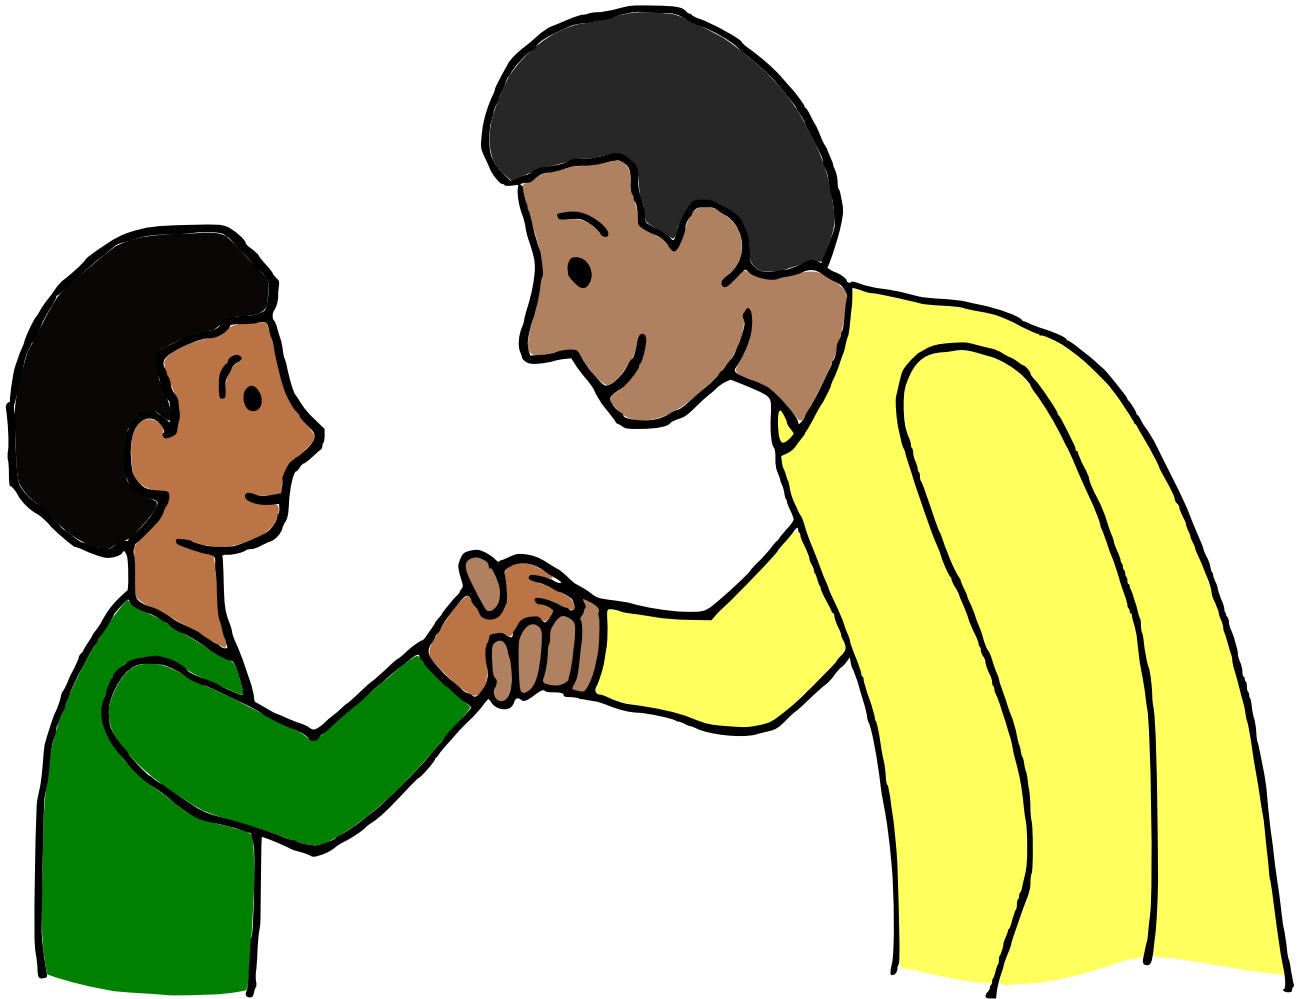

please

thank you

I will say please and thank you when
asking for something.

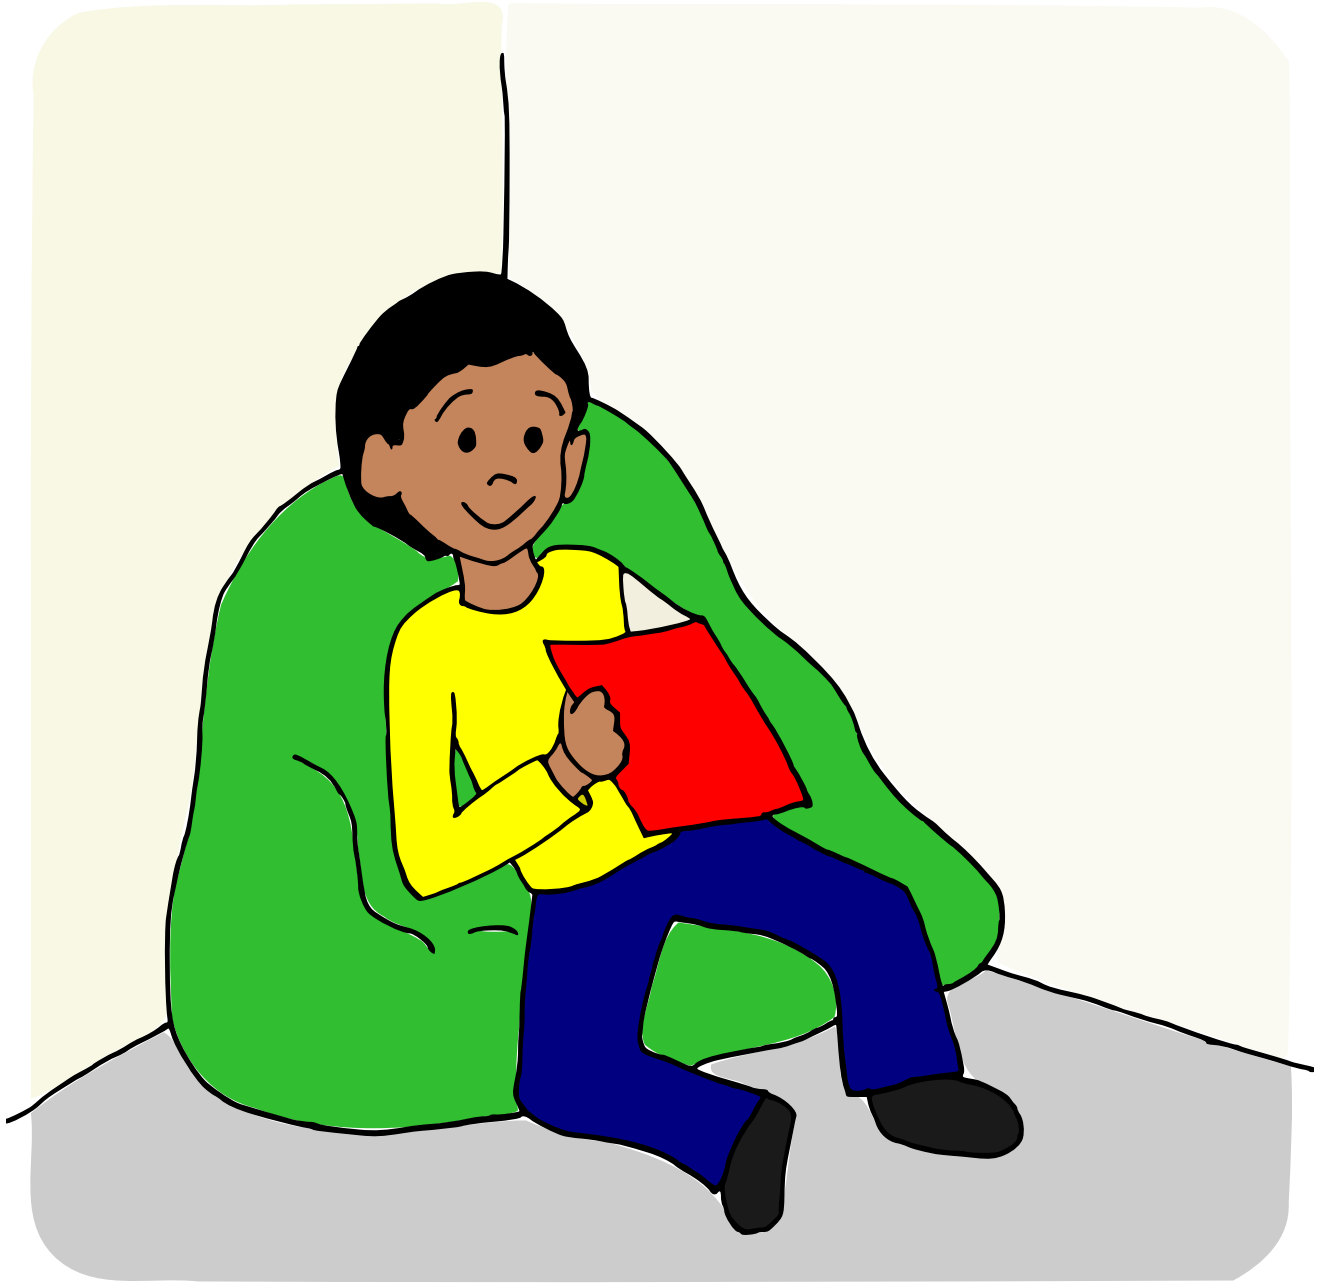

I have to use a big voice so people can hear me, but I won't shout.

I don't have to give them a hug. I can shake their hand or say "no thank you."

I can ask Mom and Dad where the bathroom is if I need to pee or poop.

Visiting is fun, but I need to have a calm body while we do it.
