Early Virginia Marriages

Preface

THE Virginia marriage records are divided into two classes—those contained in the parish registers, and the marriage bonds or intentions, which were filed with the county clerk. The present volume treats principally with the latter class of records. It is, however, the Editor's intention to incorporate in future volumes, the marriage entries contained in hitherto unprinted parish registers, and already abstracts from two important old registers are nearly completed. ¶ As the marriage records are printed under their individual counties, it has not been deemed necessary to issue an index to this volume but a small amount of time being necessary to consult the pages pertaining to the county in which the searcher is interested. A separate index volume will be issued upon the completion of the "Marriage Series."

The following table gives the date of the formation of the county named in this volume.

- Amelia, formed in 1734 from Prince George and Brunswick.
- Augusta, formed in 1738 from Orange.
- Charles City, one of the eight original shires of 1634.
- Elizabeth City, one of the eight original shires of 1634.
- Fauquier, formed in 1759 from Prince William.
- King George, formed in 1720 from Richmond.
- Lancaster, formed in 1652.
- Lunenburg, formed in 1746 from Brunswick.
- Middlesex, formed in 1673 from Lancaster.
- Rockbridge, formed in 1777 from Augusta and Botetourt.
- Southampton, formed in 1748 from Isle of Wight.
- Surry, formed in 1652 from Isle of Wight.
- Sussex, formed in 1754 from Surry.
- Westmoreland, formed in 1652 from Northumberland.
- York, one of the eight original shires of 1634.
