OBi VoIP Phone Adapters

The OBi allows you to make and receive phone calls using your high-speed internet, your regular home phone and a VoIP provider like Google Voice™. No computer is needed. You may also call for FREE from one OBi to another OBi anywhere in the world. In this case, a traditional phone service is never needed to make the connections. Talking becomes truly free.

- **Save Money**
  Use free and low cost-cost VoIP services to lower your phone bill, maybe to nothing.

- **Pay Only for the OBi Device**
  You can add VoIP services to make & receive phone calls to and from regular numbers. OBi to OBi calls are always FREE.

- **Computer NOT Required**
  All you need is your existing home phone and your broadband router.

- **Fantastic Voice Clarity**
  Talk to your family and friends anywhere in the world from the comfort of your home phone
