ACCESSORIES

2023 Edition 10

VOLVO ACCESSORIES

Create a Volvo that's perfect for your lifestyle, with Volvo accessories that are designed around you and your car.

From the earliest stages of the design process, Volvo Genuine accessories are developed together with the vehicle. This ensures that each accessory is perfectly integrated with the vehicle, instead of being merely adapted. By designing individual accessories to suit specific Volvo models, Volvo provides a level of safety, performance and durability that non-Volvo products aren't capable of delivering. Both form and functionality have been intrinsically considered during the design process. Each product has been developed to be as easy-to-use as possible and their subtle appearance is designed to integrate seamlessly with the vehicle's overall look. Our range of styling accessories and complete styling kits will help you make your Volvo, truly yours - whether you wish to enhance the luxurious, sporty or rugged character of your car.

To support your particular lifestyle and practical needs, our accessory range also comprises a wealth of smart and well-designed solutions. Such as our convenient iPad® holder or innovative load accessories that will help you fully utilise your Volvo to make it perfectly fit for your lifestyle. Our new generation child seats will help ensure your child travels as safely and comfortably as possible, even during long trips. Bespoke testing ensures that accessories are put through their paces in a series of tests with the vehicle that suit their design, function and the materials from which they're made.

To help you select the right accessories for your lifestyle, we have included a range of accessory packs that help to make the most of the outdoors as well as transporting your sporting equipment or pets.

For additional peace of mind, all Volvo accessories come with a minimum 36 months warranty if they're purchased within the first month of ownership or 1,000 miles (whichever comes first). The accessory packs provide a complete solution while offering even greater value. All prices include VAT and fitting.

When choosing a Volvo Car accessory, you can rest assured it meets our stringent demands on design, function and safety – the choice is yours.

SAFETY & SECURITY

1. Keyless Package

This set of keys consists of two standard keys and one key ring. The advanced theft protection helps prevent relay attacks for improved security so that you will feel more secure as the owner of the car.

2. Key Tag (Keyless Drive Only)

With this smaller remote key you do not need to carry your regular remote key as doors, tailgate and fuel filler flap can be unlocked with this smaller one. The key is waterproof to a depth of 10 metres for up to 60 minutes.

3. Auto Sock

The perfect aid for driving on snowy and icy roads. When the road suddenly becomes slippery, the sock is simply mounted on the wheel and provides increased friction on snow and ice. It takes a small amount of storage space and can be re-used.

4. Dog Harness

Comfortable dog harness that is attached directly to the car's seat belt by quick link. The padded and comfortable harness keeps the dog still in the rear seat.

5. Snow Chains

A snow chain specially developed for several tyre dimensions. This type of snow chain has the advantage of not being fitted on the inside of the tyre so it does not take up the space required by larger tyres.

6. Tempa Spare Wheel

The Tempa Spare is stored securely and well-positioned under the floor in the luggage compartment. A well-integrated and neat solution.

7 HomeLink®, Interior Rear View Mirror With Autodim

The HomeLink® system enables you to control multiple remote controlled home devices, for example, to open and close the garage door and to switch the house alarm system on and off.

8. Protective Plate

Protects the engine, oil pump and transmission from impacts when driving in poor conditions, for example, if the road is bumpy or potholed. Fully enclosing aluminium plate that also prevents impact from loose stones.

CHILD SAFETY SEATS

1. Infant Seat i-Size

For children 40-73cm in height and newborns up to approximately 10 months in age. The rear-facing infant seat, with high and well-cushioned sides, together with its deep design, provides optimal safety and excellent comfort for your child.

2. Easy Access Rearward Facing Child Seat

For newborns to up to 18kg and 40-105cm in height. With the child seat's unique headrest and deep side supports, a child travels in comfort and safety. In order to easily lift your child in and out, the child seat has a swivel function that allows it to rotate outwards, towards the car door.

3. Rearward Facing Child Seat

For children between 9kg and 25kg, approximately 9 months to 6 years old. Volvo recommends that your child should sit facing backwards in the car to at least 4 years of age.

4. Booster Seat and Backrest

For children between 15kg and 36kg, approximately 4-10 years old. Thanks to the variety of head restraint settings, a car journey becomes a comfortable experience in the child seat.

5. Wool Booster Cushion / Backrest

Child seat suitable for children between 15kg and 36kg (33-80 lbs), approximately 4-10 years old. The upholstery is manufactured in 80% wool, which helps your child to adjust body temperature in both hot and cold conditions.

6. Leather Textile Booster Cushion / Backrest

Child seat suitable for children between 15kg and 36kg (33-80 lbs), approximately 4-10 years old. The seat is made of nubuck leather, which is soft and durable and easy to clean.

7. Padded Upholstery for Booster Seat

Padded upholstery for cars equipped with integrated booster cushion. The upholstery has side support that gives the child a comfortable and safe car journey, while at the same time the car's original upholstery is kept clean.

8. Kick Guard

A practical dirt cover with different pockets for the child's toys, which protects the car's upholstery from dirt and stains while the child is sitting in the child seat.

COMFORT & CONVENIENCE

1. Front Seat Cover

A reversible seat protection in durable material designed for the car. The front seat protection is a practical accessory for when you want to avoid the risk of making the seat dirty such as after a training session or a walk in the woods.

2. Pillow

Volvo pillow provides a comfortable support for the head, and is well suited for your car. It has pliable padding covered by an exclusive material, designed to provide the best comfort and with its stylish design fits well with the car's interior.

3. Neck Pillow

Volvo's neck pillow provides comfortable support for the head thanks to its soft materials and high mouldability. The neck pillow consists of a textile covered visco-elastic foam that moulds to the contours of your neck.

4. Sunshade

Fully covering sunshades that provide maximum protection for your passengers when the sun is bright and irritating. Not only do they effectively protect against heat and irritation from the sunlight, they also give the car a stylish look similar to tinted windows.

5. Sunshade for Windscreen

With a sunshade in the windscreen, your car will maintain a cooler temperature on hot days. The sunshade helps to prevent the sun from heating up the interior, maintains both the air and the interior at a more comfortable temperature on hot days.

6. Charging Cable (Type G Mode 2) or (Type 2 Mode 3)

The extra charging cable makes your everyday life more flexible and comes with different connectors to fit your specific needs. Charging of the car is monitored by two way communication between the car and the control box.

7. Mudflaps

A splash guard that blends in well with the car's design. Effective protection to the sides of the car from wheel splash and also minimises water spray on following traffic.

8. Glasses Holder

A practical and functional glasses holder for the best possible storage of your glasses. The glasses holder is simply mounted at the entry handle in the front seat.

9. Charging Cable Bag

Use this bag to store your charging cable neatly and protected. The integrated hooks can be used to fasten the bag in the cargo area floor so that it is held stable while driving.

TECH & SOUNDS

1. Smartphone Integration

Smartphone Integration consists of both Apple CarPlay and Android Auto, and it means you can use your smartphone in a simple and safe way in the car.

2. Rear Park Camera

With the rear parking camera, you can increase the field of vision behind the car and have the option of "eyes in the back of your head" while parking.

3. iPad Holder - with charging / 4. Tablet Holder - non-charging

Volvo's iPad® / Tablet holder makes it possible to use your iPad® / tablet in the rear seat in an ergonomic way. Take your tablet with you to the car and enjoy its functions and apps whilst travelling.

5. Vodafone Automotive Vehicle Tracking System S5

Many insurers will only cover premium cars with a Thatcham-approved stolen vehicle tracking device fitted. Vodafone Automotive VTS S5 makes tracking your vehicle and finding the perfect insurance for your Volvo simpler.

¹⁾ Excludes XC40 Recharge Pure Electric, MY22 for XC60, S90, V90 & V90CC

²⁾ XC40 T2 and Recharge Plug-in Hybrid only, MY23;

³⁾ XC40 Recharge Plug-in Hybrid only, MY24;

INTERIOR STYLING

1. Plastic Passenger Compartment Mats

Floor Mats, including a tunnel mat, for the passenger compartment floor. The mats are made of soft and flexible plastic, which have a rubber feel. They have raised edges all around, which give protection against wet and dirt on the car's interior.

2. Textile Passenger Compartment Mats

Tufted fabric floor mats with scalloped edging and fabric-based backing. The mats provide effective protection for the car's interior against wet and dirt.

3. Illuminated Sill Mouldings

Door sill trims in aluminium for the front and rear doors. The front door sill trims have integrated LED illumination which gives the sill area a sporty and elegant impression.

4. Illuminated Tailgate Scuff Plate

Load compartment trim with illuminated inlay of stainless steel. Replaces plastic load compartment trim, with or without stainless steel inlay which gives an exclusive and elegant look.

		C40	XC40	S60	V60	XC60	S90	V90	XC90

EXTERIOR STYLING

1. XC90 Integrated Running Board with Illumination

An exclusive and stylish illuminated running board that enhances the car's luxurious look and makes it easy to enter and exit the car and to load the car's roof.

2. XC60 Integrated Running Board

An exclusive and stylish running board that enhances the car's luxurious look and makes it easy to enter and exit the car and to load the car's roof

3. Roof Spoiler

An aerodynamic and colour matched roof spoiler with sporty design that is equipped with black-painted "winglets".

4. XC40 Integrated Running Boards

An exclusive and stylish running board that enhances the car's powerful look, while providing a well-integrated board to stand on when getting in and out of the car and when loading onto the roof.

¹⁾ Model Year 20 onwards

²⁾ Model Year 21 onwards. Excludes Recharge Pure Electric

PACK & LOAD - COMPARTMENT

1. Reversible Textile / Plastic Load Compartment Mat

A high quality, reversible protective mat. The mat is practical and waterproof with tufted textile on one side and plastic on the other. The mat can be folded out to protect the rear seat backrests during transportation.

2. Reversible / Folding Textile Load Compartment Mat

A high quality, foldable and reversible protective mat. The mat is practical and waterproof with tufted fabric on one side and plastic on the other.

3. Plastic Load Compartment Mat

An attractive plastic protective mat that is adapted to fit the load compartment. To prevent the load from sliding around during the transportation, the mat is coated with a layer of friction increasing material.

4. Full Cover Dirt Cover for Load Compartment

A practical protector for the load compartment that covers the floor and side walls of the load compartment plus the rear of the rear seats. Made from durable, dirt resistant vinyl.

5. Protective Nylon Net

A practical check pattern safety net in sturdy nylon. The net prevents luggage and cargo from moving forward into the passenger compartment when braking hard.

6. Protective Steel Grille

A practical protective grille that prevents loads from being thrown forward into the passenger compartment in the event of heavy braking or a collision.

		C40	XC40	S60	V60	XC60	S90	V90	XC90
1.	Reversible Textile/Plastic Load Compartment Mat	-	-	£125	-	-	£125	-	£175

6.	Protective Steel Grille	-	£260	-	£260	£260	-	£260	£260

PACK & LOAD - COMPARTMENT

1. Load Compartment Divider

The load compartment divider enables you to separate the load compartment lengthwise and achieve two load compartments in one. This enables the transportation of either two pets or one pet on one side and objects such as luggage on the other.

2. Dog Gate

The dog gate has a unique design that means that it fits the car's luggage compartment. Combined with the protective grille and load divide, one or two separate dog compartments can be created. The gate is easy to open, close and remove from the car.

3. Load Liner for Load Compartment Divider

Transport pets or dirty and wet items in the load liner and avoid staining the load compartment of your car. The practical load liner is convenient to use and fits perfectly in combination with the longitudinal divider and dog gate.

4. Rear Bumper Protective Plate

An exclusive load protector in brushed stainless steel for the rear bumper. A practical and attractive accessory to the paintwork when loading in and out of the load compartment.

5. Load Securing Net

A practical fabric net that prevents cargo from sliding around in the load compartment. Made of an elastic material, making it easy to load cargo under the net.

		C40	XC40	S60	V60	XC60	S90	V90	XC90

5.	Load Securing Net	£90	£90	-	£90	£90	-	£90	£90

¹⁾ Includes Protective Steel Grille

²⁾ Includes Protective Steel Grille and Load Compartment Divider

PACK & LOAD - TOWING, LOAD CARRIERS AND ROOF BOXES

1. Foldable Towbar

In a unique design for the car, this towbar is a must for those who value safety and promised performance. The towbar is an integral part of the car's body and has been tested to ensure that it meets the most stringent safety and function demands. The towbar can be activated by pressing a button within the luggage compartment and can be locked back into position with a movement of the hand.

2. Load Carrier

A high quality load carrier for safe and secure transport of loads on the roof. The aerodynamically shaped wing profile has been optimised to give minimal wind resistance and wind noise, which makes the car journey more comfortable. The load carrier makes it quick and easy to install Volvo's Roof Boxes, Bicycle Carriers and other sports equipment.

3. Roof Box Designed by Volvo - 430 litres

Volvo Cars self-designed roof box has a volume of 430 litres, which makes it very functional. The aerodynamic design reduces wind resistance and sporty look is enhanced by the high gloss black paint.

4. Sport Time 2003 Roof Box - 400 litres

Sport Time 2003 is a functional roof box for all your needs. It is characterised by a design with a sunken base so that it integrates with the shape of the car as far as possible.

5. Space Design 420 Roof Box - 320 litres

6. Space Design 520 Roof Box - 430 litres

Space Design is a modern, exclusive and aerodynamic roof box that offers minimal wind resistance thanks to its unique design. Space Design can be opened from both sides thanks to the Dual Opening system. The aerodynamic design and a range of practical special functions, together with generous interior measurements, mean that this box is in a class of its own. Available in 320 and 430 litres.

PACK & LOAD - SPORTS EQUIPMENT HOLDER

1. Aluminium Bicycle Carrier

A frame mounted bicycle holder with modern dynamic design. For safe transportation and flexible attachment, your bike is secured automatically.

2. Bicycle Carrier for Towbar (2 Bikes)

A safe and modern transport system for two bicycles, which is very practical and easy to use on cars with a tow bar. Easily fitted on the towing hitch with a quick-coupling and is easy to load as the loading height is low.

3. Bicycle Carrier for Towbar (3 - 4 Bikes)

The modern bicycle holder can transport three bikes, but can also be supplemented with an adapter to transport four bikes.

4. Bicycle Carrier for Towbar - Foldable (2 Bikes)

A very compact bicycle holder in a first-class design for two bicycles that is easy to handle. When the bicycle holder is not in use, it is easy to store either in your car or in your home.

5. Ski Holder

Volvo's aerodynamically designed aluminium ski holder is suitable for all types of skis and snowboards, even wider equipment with larger bindings.

6. Lock Kit

A lock system that makes it easier for you when supplementing the load carrier with more accessories. You can manage up to six lockable accessories with the same key.

²⁾ Only compatible with XC40, S60, V60, V60CC, XC60, S90, V90, V90CC, XC90

Faster Throttle Response

Throttle response has been calibrated to respond more quickly to driver commands, giving higher precision and better feel.

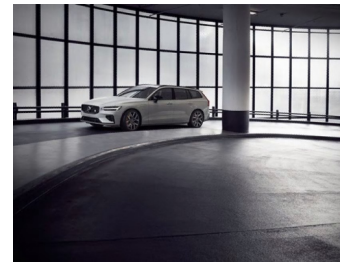

Faster Gear Changes

The automatic gearbox changes gears more quickly to improve acceleration which provides a better response to the driver.

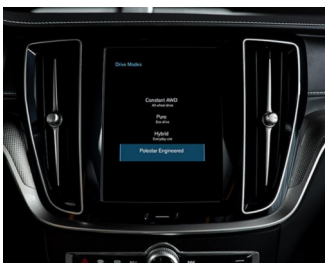

Better Gear Precision and Hold

The gears have also been calibrated to exploit the engine's improved midrange performance. The gearbox also avoids changes when cornering at high g-forces for better stability.

Faster Gear and Engine Response

The engine and gearbox have been calibrated to respond more quickly when the driver uses the accelerator. This makes the car more balanced and predictable when cornering.

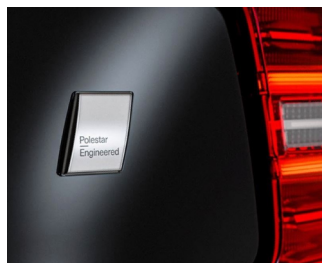

Increased Engine Performance

We have concentrated the power where it is needed most - in the midrange, perfect for overtaking or when on a busy motorway.

Polestar AWD Feature

The AWD feature is included in all new optimisations for AWD vehicles and increases torque distribution to the rear wheels, for more dynamic driving.

D5 Over Boost

The "Over Boost" function provides an additional +20nm Torque and +15hp power for up to 20 seconds once the peak power of the engine has been reached.

14 Day Trial

Contact your retailer to enjoy a 14-day trial in your car.
