'The Big Ugly' 2021-23831 Medicare and Medicaid Programs; Omnibus COVID-19 Health Care Staff Vaccination – 73 pages, 68283 words, Is GOD even mentioned once?

“Say: 'avert death from yourselves, if what you say is true!' ” Al-Quran 3:168

Allah - there is no deity save Him, the Ever-Living, the Self-Subsistent Fount of All Being. Neither slumber overtakes Him, nor sleep. His is all that is in the heavens and all that is on earth. Who is there that could intercede with Him, unless it be by His leave? He knows all that lies open before men and all that is hidden from them, whereas they cannot attain to aught of His knowledge save that which He wills (them to attain). His eternal power overspreads the heavens and the earth, and their upholding wearies Him not. And he alone is truly exalted, tremendous. Al-Quran 2:255

THERE SHALL BE NO COERCION IN DIN (way of life as religion). Distinct has now become the right way from (the way of) error: hence, he who rejects taghoot (false gods) and believes in God has indeed taken hold of a support most unailing, which shall never give way: for God is all-hearing, all-knowing. Al-Quran 2:256

Allah is The Protector of those who have faith, taking them out of deep darkness into the light – whereas protector of those who are bent on denying the truth is taghoot (false gods) that take them out of the light into darkness deep: it is they who are destined for the fire, therein to abide. Al-Quran 2:257

Behold, satan has no authority over those who have attained to faith and in their Sustainer place their trust: he has authority only over those who choose it as their protector, and who (thus) ascribe to him a share in God's divinity. Al-Quran 16:99-100

Those who believe fight in the cause of Allah, and those who reject truth fight in the cause of taghoot (false gods). Fight then against the friends of Satan, Satan's guile is weak indeed. Al-Quran 4:76

The parable of those who take [beings or forces] other than Allah for their protectors is that of the spider which makes for itself a house: for, behold, the frailest of all houses is the spider's house. Could they but understand this! Al-Quran 29:41

ISLAM IS A 'DIN' OR WAY OF LIFE AS RELIGION

<https://www.oxfordreference.com/view/10.1093/oi/authority.20110810104746857>

Di'n al Islam is 'Debt of Submission to Allah (for all the Blessings He Has bestowed on us) by disciplining the soul that falls due on the Day of Judgement.
Hamza Yousuf <https://www.youtube.com/watch?v=ySbzyqQMkiE>

Islam is a way of life with a purpose:

And (tell them that) **I have not created** the invisible beings and human beings to any end other than for Ibadah – (complete submission and obedience with love and devotion and fear and reverence to The Creator). Al-Quran **51:56**

The only din (way of life) in the sight of Allah is self-surrender unto Him. Al-Quran 3:19
Do they seek, perchance, a din (way of life) other than self-surrender unto Him, although it is unto Him that whatever is in the heavens and on earth surrenders itself, willingly or unwillingly, since unto Him all must return? Al-Quran 3:83

For, if one goes in search of a din (way of life) other than self-surrender unto Allah, it will never be accepted from him, and in the life to come he shall be among the lost. 3:85

Hast thou not turned Thy vision to those who declare that they believe in the Revelations that have come to thee and to those before thee? Their (real) wish is to resort together for judgment (in their disputes) to taghoot (false gods), though they were ordered to reject it. But Satan's wish is to lead them astray far away (from the right). (Al Quran 4:60)

Certainty of Death as the cornerstone of my Faith:

O you who have attained to faith! Be conscious of Allah with all the consciousness that is due to Him, and do not allow death to overtake you ere you have surrendered yourselves unto Him. Al-Quran 3:102

Every living being will taste death. The body goes back to Earth and the soul departs to God. Only The Eternal brings life out of death and death out of life. When the last breath comes up to the throat, the person knows that this is the parting and **no one can intervene or avert it**. Engulfed by death, he is impelled to repentance that is useless. The Creator of Death decreed death shall dwell among us, it will overtake us where ever we may be, at the time and place destined. Faith is sincere and true when the certainty of death illuminates life. Life after death and the hope of meeting our Creator is The Truth, as true as we speak. Death is the barrier that defines and therefore protects life in this world and the next. Believers are inspired to overcome the fear of death, persevere with patient resolve to redeem their pledge to surrender to The Creator before death. Disbelief in God promotes hopelessness and desperation. Death is seen as the end of existence with nothing to look forward to. Life of this world is preferred over hereafter. People are burdened with servitude to the creation taking tyrants as protectors who cause obstruction in the path of God and seek crookedness in it by making themselves or others equal to God. On the Day of Account, those who are followed will clear themselves of those who followed.

I will not die in sin of being weak and oppressed to find my abode in Hell

When angels take the souls of those who die in sin against their souls, they say: "In what (plight) Were ye?" They reply: "Weak and oppressed Were we in the earth." They say: "Was not the earth of Allah spacious enough for you to move yourselves away (From evil)?" Such men will find their abode in Hell,- What an evil refuge! Al Quran 4:97

Sins of the oppressed:

1. Violation of First Commandment - meeting death while surrendering to false gods
2. They learn to betray their own to save their own neck from tyranny
3. They learn to accept the evil perpetrated by the tyrant, so they don't get into trouble
4. They learn to find evil in people around them against whom they can retaliate
5. They corrupt the true nature created by Allah to distinguish right from wrong.

Purpose of epidemics and pandemics

And they said [unto Moses]: 'Whatever sign thou mayest produce before us in order to cast a spell upon us thereby, we shall not believe thee!' Al-Quran 7:132

Thereupon We let loose upon them floods, and [plagues of] locusts, and lice, and frogs, and [water turning into] blood -distinct signs [all]: but they gloried in their arrogance, for they were people lost in sin. Al-Quran 7:133

And whenever a plague struck them, they would cry: 'O Moses, pray for us to thy Sustainer on the strength of the covenant [of prophethood] which He has made with thee! If thou remove this plague from us, we will truly believe in thee. and will let the children of Israel go with thee!' Al-Quran 7:134

But whenever We removed the plague from them, giving them time to make good their promise, lo, they would break their word. Al-Quran 7:135

I have declined to take vaccine so far because the risks far outweigh any potential benefits:

1. Vaccine is not a solution to the pandemic. The purpose of the pandemic is for people to leave their arrogant and sinful ways of life and turn back to their Creator.
2. With billions of dollars spent in production, development, testing and dispensing of vaccine most of which are based on aborted fetal cell lines, with unknown long-term systemic complications, unknown mechanism of action of adjuvants, unknown implications of cross-reactivity and billions of people in the world left without access, it is unethical by any standard.
3. Conflict of interest: Efficacy of vaccine cannot be established when the government has already invested billions and therefore inherently biased.
<https://www.bmj.com/content/373/bmj.n1283>.
4. Claiming efficacy at the same time mandating boosters every 6 months and requiring people already infected and survived to take the vaccine claiming it provides better immunity than natural immunity, goes against common sense. If that is not evidence for ineffective vaccine, what is? When people realize that, what happens next?
https://www.cdc.gov/mmwr/volumes/70/wr/mm7044e1.htm?s_cid=mm7044e1_w
5. Vaccine mandated by government for protection is like a spiders' web, built from the strongest of material but is the weakest of houses. It means giving up God's protection.
6. Deadlier and more devastating than the disastrous pandemic is the hopeless response and utter failure of the governments that glory in their arrogance and continue their sinful ways of playing false gods. Vaccine mandate after 246M cases world wide and 5M deaths, 739,856 in US as of November 1, 2021, <https://covid19.who.int/>, exceeding 1918 Influenza epidemic, and after projected 39.5 billion in US spending <https://public.tableau.com/app/profile/devexdevdata/viz/COVIDFundingvisualisation/COVID-19funding>, is plain arrogance and playing false gods.
7. As an Anesthesiologist, along with all health-care providers and first responders and orderlies and EVS professionals and engineers and mechanics who work diligently to provide safe environment at work places, I am on the front lines since the pandemic started. I am not hiding in a closet nor standing in front of a freight train claiming God will protect me. I wash my hands, wear a mask and gloves and keep safe distance, except when taking care of patients. To step away from the path of Covid 19 freight train it appears government is mandating all people to step into quicksand of vaccination.

I cannot comply with the vaccine mandate nor apply for exemption because:

1. As a Muslim and a responsible naturalized citizen admitted as a full legal member of the free and sovereign people of this nation without any reservations, I am accountable for my actions. Government has no authority over those who have attained to faith and in their Sustainer place their trust. It has authority only over those who are willing to submit to it and who thus ascribe to it a share in God's Divinity.
See attached: 'There is no God in Gettysburg Address'.
2. There is no obedience to anyone if it results in disobedience to The Subduer. Protection of faith, honor and life, progeny, intellect and reason, and wealth, is to realize the Blessings of Allah for humanity - Imam Al Shatibi's Theory of Higher Objectives and Intents of Islamic Law. Vaccine mandate to prevent covid deaths by a government that rejects Divine Law is like seeking salvation from satan.
3. Applying for exemption from the quicksand of vaccine mandate against the will of people is not just unethical but implies participation in the tyranny of governments oppressing their own people. Tyranny and oppression is worse than killing. Al-Quran 2:191, 217
4. HHS claims responsibility and therefore **authority**, referring to sections 1102 and 1871 of SSA, to protect health and safety of individuals. With responsibility also comes **accountability** for the death of 739,856 individuals, besides disease and disastrous impacts of an utterly failed response!!!

Follow the science?

Since the beginning of the pandemic, Institutions built on corrupt constitution have been vacillating hopelessly with one IFC after another often self-contradictory due to lack of faith:

1. Federal officials discouraged the public from wearing masks
2. CDC kept health officials around the country from developing their own tests.
3. FDA refused to grant full authorization to any Covid vaccine until recently and was slow to approve Covid tests

FDA has relationships with drug and vaccine companies similar to Boeing with FAA or the US treasury with the Federal Reserve and banking industry or the American government with the military industrial complex. Institutions have lost credibility and individuals playing god or submitting to them have corrupted their true-nature as created by God.

Follow the money?

Government spending billions of dollars on drug companies making record profits for producing, dispensing and administering vaccination while thousands are dying, just as it bailed out banks after 2008 mortgage crisis while common people suffered losing their homes and families. Wolves are guarding the sheep.

Follow the faith!

(Abraham said) "And when I am ill, it is He who cures me" 26:80

Prophet Muhammad said, "Allah did not send down any disease without sending down its cure". [Narrated by Abu Hurayrah. Sahih al-Bukhari]

I believe in 'tying the camel' and then trust in Allah or taking medicine and then ask Allah 'Al-Shafi' – The Healer, for 'shifa'. Since my Declaration of Faith on 01/18/2011, I have been struggling to establish Faith-based Anesthesiology practice 'EmAnest (Eman - Faith) (Anest - Anesthesiology) (nest - birds nest). Please see attached.
