All-purpose Storage Expansion Solution for Thunderbolt™ 3 Connectivity

The RocketStor 6661A-2U2e allows customers to transform a single Thunderbolt™ 3 port into an all-purpose external connectivity solution. Each RocketStor 6661A-2U2e features 2 6Gb/s eSATA ports and 2 USB 3.0 ports; each port operates independently and all can be used simultaneously. The USB ports support any industry standard USB 3.0/2.0 device or peripheral including USB drive docks and enclosures, flash drives, printers, scanners and input devices. The dual 6gb/s eSATA ports are ideal for external drive enclosures and can support SATA hard drives or SSD's up to 14TB in size.

Works with any Thunderbolt™ 3 capable Mac or PC

Like all HighPoint Thunderbolt™ 3 I/O Solutions, the RocketStor 6661A-2U2e was designed with simplicity and ease of use in mind. Two USB 3.0 ports and dual 6Gb/s eSATA ports can be added to any Thunderbolt™ 3 capable Mac or PC using a single cable connection. The ultra-slim enclosure includes a pre-installed USB 3.0/eSATA controller, and extensive driver support is available for both Windows and Mac platforms.
