

RocketStor **RocketStor 6661A-4USB****Thunderbolt™ 3 to 4x 10Gb/s USB 3.1 Adapter**

- Thunderbolt™ 3 to 4x 10Gb/s USB 3.1 Type-C Ports
- Dedicated 10Gb/s per-port performance
- Supports up to 4x USB 3.1/3.0/2.0 devices
- Works with any Thunderbolt™ 3 capable Mac or PC

**Industry's Fastest USB 3.1 Connectivity Solution for Thunderbolt™ platforms**

Experience the performance of Thunderbolt™ and the convenience of USB, without compromise. The RocketStor 6661A-4USB allocates the 40Gb/s of transfer bandwidth provided by Thunderbolt™ 3 connectivity to power four dedicated 10Gbps USB 3.1 channels. This 4-in-1 combination is ideal for high-performance USB storage configurations but is also fully capable of supporting any USB 3.1/3.0/2.0 USB device or peripheral such as input devices, printers & scanners, or flash drives.

Optimized for Maximum Performance

The RocketStor 6661A-4USB takes full advantage of HighPoint's performance driven USB 3.1 architecture. Unlike conventional USB cards, docks and hubs, which split a single 10Gb/s channel between two or more ports, the RocketStor 6661A-4USB provides dedicated 10Gb/s USB 3.1 transfer bandwidth for each Type-A connector. This unique approach to USB connectivity is ideal for high-speed USB-based storage applications.

Works with any Thunderbolt™ 3 capable Mac or PC

Like all HighPoint Thunderbolt™ 3 I/O Solutions, the RocketStor 6661A-4USB was designed with simplicity and ease of use in mind. The unit is shipped preassembled, and ready to use right out of the box. Simply connect the RocketStor to your Thunderbolt™ Mac or PC using the included Thunderbolt™ 3 40Gb/s cable, plugin the power adapter and you are ready to go!

Optional Device Cables for any USB Connector Type

The RocketStor 6661A-4USB is capable of supporting nearly any industry-standard USB port type when used in conjunction with the HighPoint USB-C31-1MA (Type-A to Type-C) and USB-A31-06B (Type-A to Micro-B) USB 3.1 device cables. HighPoint device cables are manufactured to our high-standards of quality, and thoroughly tested to ensure secure connectivity, maximized transfer performance, and years of trouble-free utility.

Feature Specifications			
Connectivity	Thunderbolt™ 3 to 4x USB 3.1		
Number of Ports	2x Thunderbolt™ 3 Ports, 4x 10Gb/s USB 3.1 Type-A Ports		
Number of Devices	4x USB 3.1/3.0/2.0 devices or peripherals		
System Requirements	Computer with a Thunderbolt™ 3 Port		
	Windows 8 or later		
	macOS 10.10 or later		
Power Supply	External 60W Power Supply		
	AC Input: 100–240V, 50-60Hz		
Cooling	Dual, Ultra Quiet, high-efficiency Cooling fans		
Dimensions	2.25" (W) x 6.42" (H) x 10.12" (D)		
Weight	6.0 lbs.		
Warranty	1 Year		
Compliance Certification	CE, FCC, RoHS, REACH, WEEE		
Kit Contents	Integrated 4-Port 10Gb/s USB 3.1 Controller		
	RocketStor 6661A Expansion Chassis		
	1x 40Gb/s Thunderbolt™ 3 cable		
	1x External Power Supply		
	1x Power Cord		
Quick Installation Guide			
Optional Accessories			
Thunderbolt 3™ Cables: <u>TB3-040G-505</u> - 0.5M, 40Gb/s cable <u>TB3-040G-510</u> - 1M, 40Gb/s cable <u>TB3-040G-520</u> - 2M, 40Gb/s cable	USB 3.1 Cables: <u>USB-A31-1MC</u> – 1M, USB-A to USB-C cable <u>USB-A31-06B</u> – 1M, USB-A to Micro-B cable		
	RocketStor 6124VM/VW – Industry’s fastest USB 3.1 Gen 2 RAID Enclosures		RocketStor 6114V – 4-Bay USB 3.1 RAID Enclosure
	RocketStor 3122B – Dual-Dedicated 10Gb/s USB 3.1 Drive Dock (Type-A Ports)		RocketStor 3112C-2 -Bay USB 3.1 10Gb/s Drive Dock (Type-C Port)
