

HighPoint Technologies – NAB 2013 Product Showcase

April 2013 - HighPoint Technologies will be exhibiting at this year's NAB show in Las Vegas, booth SL8826, Lower South Hall. We will be showcasing our extensive selection of Storage Expansion Modules, External Storage Solutions, and HBA products for Thunderbolt™, 6Gb/s SAS & SATA, and USB 3.0 connectivity.

ThunderBolt™ Storage Solutions

Customizable, Scalable High-Performance Thunderbolt™ Storage Solutions for Professional and SMB Applications.

- **RocketStor Thunderbolt™ Storage Dock** - Ultra High-Performance storage dock for Mac Platforms
- **Thunderbolt™ RAID Storage Controller Modules** - SAS 6Gb/s and SATA 6Gb/s RAID Technology
- **Thunderbolt™ Aware 6Gb/s SAS and 6Gb/ eSATA RAID HBAs series**

Industry's First 4-Port PCIe 2.0 x4 USB 3.0 HBA for Mac OS X 10.8.x and later

The RocketU 1144CM is the industry's first USB 3.0 Storage HBA designed specifically for Mac Pro workstations and Mac OS X Mountain Lion. Powered by HighPoint's 3rd Generation USB HBA architecture, the RocketU 1144CM delivers the fastest SATA performance possible over USB 3.0 connectivity.

RocketStor External Storage Solutions

RocketStor storage docks were designed to maximize SATA performance over 6Gb/s Mini-SAS, Thunderbolt™, 6Gb/s eSATA and USB 3.0 connectivity.

HighPoint's competitive strength lies in our ability to offer Storage Resellers a range of fully customizable storage solutions bundled with our RocketStor product lines, including RAID technology, SSD Caching, Disk Cloning and Backup applications. These storage management suites can be easily tailored to meet the specific needs of each customer.

- **RocketStor 5315** – Industry's first 5-bay 6Gb/s Port Multiplier Storage Dock. 5 drives, 20TB of storage from a single eSATA port!
- **RocetStor 5322** – The industry's fastest 2-Bay 6Gb/s eSATA Storage Dock – dual independent 6Gb/s eSATA ports deliver 12Gb/s of transfer bandwidth.
- **RocketStor 5122B** – The Industry's fastest USB 3.0 Storage Dock; Dedicated 5Gb/s per SATA bay performance.

6Gb/s Storage HBA's for Mac and PC Platforms

HighPoint manufactures the industry's most comprehensive line of SAS and SATA 6Gb/s PCIe 2.0 storage HBA's. RocketRAID series 6Gb/s HBA's are available with up to 32 ports in external, internal and hybrid port configuration, and are available for Mac and PC platforms.

- **RocketRAID 4500 Series – 8-Port 6Gb/s SAS RAID-on-Chip HBA's**
Superior Reliability & Maximum Performance; the onboard 800MHz Processor and 512MB of DDR3 cache with ECC protection offload critical resources from the host system; ideal for high-performance, professional server and workstation environments such as A/V post production applications.
- **RocketRAID 2700 Series – 6Gb/s RAID HBA's**
Powered by industry-proven RAID technology, industry-standard Mini-SAS connectivity with support for up to 32 devices, RocketRAID 2700 HBA's can be easily integrated into a variety of hardware and software platforms, and are ideal for cost-effective, high-density SMB applications.
- **RocketRAID 600L/600LS Series – 6Gb/s SATA RAID HBA's**
Low-cost, 6Gb/s performance, mass storage solutions. Available with up to 4 device channels and SATA, eSATA and Mini-SAS connectivity, each Port-Multiplier Compatible RAID HBA can support up to 20 drives!

Why Choose HighPoint?

HighPoint is driven by the creative soul of our experienced product engineers, and an insatiable need for technological innovation. For over 17 years, HighPoint has been at the forefront of the storage industry, delivering cost-effective, cutting-edge technology and storage solutions to SMB's, Media Professionals and System Integrators, world-wide.

For the better part of two decades, our software and hardware development teams have dedicated themselves towards the design and manufacture of robust, cutting-edge storage solutions.

At HighPoint Technologies, we tirelessly strive to satisfy the ever growing need for cost-effective, robust, highly versatile storage solutions, and are committed to delivering the highest quality product and services.
