Thunderbolt™ Storage Dock and RAID Storage Solutions
RocketStor 5212 - The industry's first Certified dual-bay 10Gb/s Thunderbolt™ powered Storage Dock! Uncompromised transfer bandwidth and the easy to access modular drive bays make the RocketStor 5212 the quickest and easiest way to access any SATA SSD or HDD via Thunderbolt™ connectivity.

NA762TB – A stylish full-featured storage powerhouse designed for high-speed applications. 8 removable disk modules and an integrated hardware RAID controller deliver the uncompromised performance, superior reliability, and effortless every-day usability demanded by today's leading media professionals.

Thunderbolt™ Rackmount RAID Solution Bundles
Add up to 96TB of RAID storage to any Thunderbolt™ capable Mac Pro via a single connection! HighPoint Thunderbolt™ Rackmount RAID Solution Bundles merges market proven RAID expertise with the versatility of Thunderbolt™ powered storage chassis. These professional grade Rackmount solutions are available with 16 or 24 removable 3.5" disk modules, and are powered by HighPoint's industry-proven RAID technology and user-friendly Storage Management suites.

RocketRAID 2740 + NA333TB - 3U 16-bay Rackmount Thunderbolt™ RAID Solution
RocketRAID 2760A + NA381TB - 4U 24-bay Rackmount Thunderbolt™ RAID Solution

Thunderbolt™ PCIe Expansion Chassis
HighPoint's Thunderbolt enclosures add PCIe expansion and storage capability to any Thunderbolt™ host platform. The compact, stylish, all-in-one enclosure design supports three full-height, full-length PCIe cards, and is ideal for external storage expansion when paired with RocketRAID Thunderbolt™ Aware HBA's.

NA211TB-LD Thunderbolt™ Storage & PCIe Expansion enclosure
NA211TB Thunderbolt™ PCIe Expansion enclosure

Thunderbolt™ Aware PCIe Adapters
HighPoint delivers a comprehensive selection of PCIe Thunderbolt Aware host controllers suitable for any target application: from high-performance hardware RAID, to simple hot-swap capable removable storage.
HighPoint Thunderbolt Aware HBA's are available for Mini-SAS, eSATA and USB 3.0 connectivity, and are fully compatible with industry standard Thunderbolt™ PCI-Express expansion devices.
HighPoint Thunderbolt™ Aware HBA's are the ideal storage companions for HighPoint's NA211TB-LD and NA211 Thunderbolt™ PCIe Expansion Chassis.

Why Choose HighPoint?

For over 18 years, HighPoint Technologies has been a pioneering force in the storage industry, delivering a wide range of storage controllers for all levels of production; from Chipsets & RAID HBA to today's external Storage & Adapter Device Solutions. Our hardware and FW engineering teams have been at the forefront of the storage industry for the better part of two decades. We specialize in performance oriented user-application focused design, development and manufacture, and continuously work to improve our products based on direct feedback from our valued customers. Over the years, we have forged strong alliances and technology partnerships with industry-leading storage providers, which enable us to quickly deliver the latest in storage technology to the global marketplace.
Product Design Philosophy: Taking the Complexity and High Cost out of today's Cutting Edge Storage Technology
HighPoint understand the importance and appeal of high performance in today's marketplace. HighPoint's mission is to deliver quality, cutting storage performance at affordable price points - from business and professional media applications, to personalized solutions for the home enthusiast and power user.
