

## **HighPoint RocketStor 6324U Adapter: 4-Independent USB3.0 Ports Maximize Thunderbolt™ 2 Bandwidth**

January 2015, Milpitas, CA – HighPoint Technologies has launched the industry’s first Thunderbolt 2 to 4x USB 3.0 Adapter – the RocketStor 6324U. Unlike other Thunderbolt™ Docks or hubs, the RocketStor 6324U is designed for maximum performance; each independent USB 3.0 port is powered by a dedicated 5Gb/s USB 3.0 controller! The RocketStor 6324U is optimized for today's fastest USB 3.0 devices, and is well suited for a wide-range of applications including portable/removable storage, storage expansion, personal media libraries, and archiving solutions.

### **Ideal for Applications that require Instant Access to Multiple, Simultaneous USB 3.0 Connections!**

The RocketStor 6324U’s Four Dedicated USB 3.0 Engines delivers 5Gb/s of throughput – the fastest transfer speeds possible for each USB 3.0 Port! Each port is powered by a dedicated 5Gb/s USB 3.0 controller – this ensures that each device always has the bandwidth it needs to perform optimally, even if all 4 ports are accessed simultaneously! The RocketStor 6324U can transform your Macbook into a portable workstation!

### **Ideal Connectivity Solution for Thunderbolt™ Systems**

The RocketStor 6324U is optimized for today's fastest USB 3.0 devices, and is well suited for a wide-range of applications including portable/removable storage, storage expansion, personal media libraries, and backup solutions.

#### **Daisy Chain Support:**

Link up to 6 RocketStor 6324U adapters and support up to 24 USB 3.0 devices or daisy chain it to work in conjunction with other HighPoint Thunderbolt™ adapters & solutions; a single connection can be used to add PCIe expansion capability, multi-bay drive docks, I/O adapters and Hardware RAID storage to any Thunderbolt™ capable platform!

#### **Powerful USB Charging Station:**

With a dedicated 90W external power supply, the RocketStor 6324U is capable of charging up to 4 USB devices simultaneously!

#### **All-purpose USB 3.0 Connectivity Solution supports PC and Mac Thunderbolt™ Platforms:**

Each port is capable of supporting any industry standard USB 2.0 and 3.0 peripherals, including printers & scanners, digital cameras, card readers and interface/input devices.

#### **Pricing and Availability**

The RocketStor6324U will be available from HighPoint’s North American Retail and Distribution partners starting in January 2015.

MSRP: USD\$349.00

## **Why Choose HighPoint?**

The answer is simple – Affordable High-Performance. If you are in the market for a fast, reliable storage solutions capable of taking full advantage of today’s tech, HighPoint has you covered. We are Storage Technology Experts. Our seasoned, in-house engineering teams have been at the forefront of the storage industry for the better part of two decades.

### **RocketStor–High-Performance, Reliable, and Affordable Connectivity & Storage Solutions**

We specialize in performance oriented product design, development and manufacture, and continuously work to improve our products based on direct feedback from our valued customers. Over the years, we have forged strong alliances and technology partnerships with industry-leading storage providers, which enable us to quickly deliver Thunderbolt™ and USB Connectivity and storage devices to the global marketplace.

### **Built for Performance**

HighPoint’s doesn’t cut-corners when it comes to performance. Our expert in-house design team is a key component of our success in this competitive industry. The knowledge gleaned from the years of experience developing, manufacturing, and deploying cutting-edge storage solutions allows us to optimize performance over the latest storage and connectivity interfaces.
