Hardware Installation

Please follow the steps below to install the RocketAIC 7505HM into an Apple Mac Pro 2023 with a compatible PCIe slot.

1. Disconnect all power and powered devices from your system.
Open the Apple Mac Pro 2023 chassis cover.
2. Insert the RocketAIC 7505HM into one of the system's open PCIe 4.0 x16 slots.
3. Once the RocketAIC 7505HM is fully seated, reassemble the chassis cover and reconnect the system to the power supply.
