

RocketStor 6661A-2USB1

Thunderbolt™ 3 to 2x 5Gb/s USB 3.2 Adapter

Quick Installation Guide

V1.00

HighPoint RocketStor 6661A-2USB1

The RocketStor 6661A-2USB1 is a versatile USB 3.2 5G connectivity expansion solution for Thunderbolt™ 3 capable host platforms. Each RocketStor 6661A-2USB1 provides dual Type-A ports for maximum compatibility and ease of use. Though optimized for external USB storage devices such as enclosures, USB drives and docks, the RocketStor 6661A-2USB1 is also capable of supporting any industry standard USB 3.2/3.1/3.0/2.0 device or peripheral.

Key features:

- Thunderbolt™ 3 to 2x 5Gb/s USB 3.2 Ports
- Dual-Port Solution: 2x Type-A Ports
- Supports up to 2x USB 3.2/3.1/3.0/2.0 devices
- Works with any Thunderbolt™ 3 capable Mac or PC
- Rugged, Ultra-Slim, Aluminum Enclosure
- Dual Thunderbolt™ 3 Ports
- Dual Ultra-Quiet, High-Efficiency Cooling Fans
- External 60W Power Supply
- Easy Plug and Play designs

System Requirements

- PC or Mac System with Thunderbolt™ 3 support
- Windows 11, 10 / Server 2022, 2019, 2016 / macOS 10.12 or later

What's in the box

- RocketStor 6661A-2USB1 adapter
- Quick Installation Guide
- Power Adapter
- Thunderbolt™ 3 Cable

RocketStor 6661A-2USB1 Hardware

Setup Procedures

Step 1: Connect the Power Adapter to the RocketStor 6661A-2USB1.

Step 2: Connect the RocketStor 6661A-2USB1 to the host system using a Thunderbolt™ cable.

Verifying installation

Verify the installation -macOS

macOS will automatically recognize the device after booting up. To verify the RS6661A-2USB1 driver status;

The RocketStor 6661A device should be listed under **System Information** → **Thunderbolt Bus**:

Click **PCI cards** on the left side. Verify if the driver is installed properly for the “pci1b21,3042” USB eXtensible Host Controller.

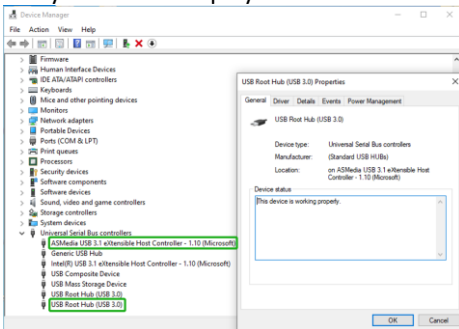

Verify the installation -Windows

Please install the Thunderbolt Software from the system motherboard provider first.

After connecting the RocketStor 6661A-2USB1 to the system, a pop-up window should be displayed asking you approve or reject the Thunderbolt Device connection. Select **“Always Connect”** from the drop-down menu, then click **OK**.

Next, open **device manager**. Expand the **“Universal Serial Bus Controllers”** entry. If the driver is installed properly, an **“ASMedia USB 3.1 eXtensible Host Controller”** and one **“USB Root Hub”** entry should be displayed.

FCC Part 15 Class B Radio Frequency Interference statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment under FCC rules. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. European Union Compliance Statement This Information Technologies Equipment has been tested and found to comply with the following European directives:

- European Standard EN55022 (1998) Class B
- European Standard EN55024 (1998)
