What is HEART?

Homeless Engagement and Response Team

HEART administers the LA County Homeless Court Program. HEART deploys its staff to homeless connect days in the community alongside mobile teams from the LA County Public Defender. The teams assist adults who are experiencing homelessness or are at risk of experiencing homelessness. The Homeless Court helps participants resolve eligible traffic and pedestrian infraction citations by engaging in services instead of paying fines and fees they cannot afford. HEART asks the LA County Superior Court to dismiss the infraction if it is open, suspend the fines and fees if it is in collections, and recall any associated warrants.
