About the Law Enforcement Torch Run® International Conference

Each year the Law Enforcement Torch Run® (LETR) International Conference brings together hundreds of law enforcement personnel and Special Olympics staff to recognize achievements, share best practices, network, and attend educational sessions. Exhibitor's and sponsors have access to share their goods and services with organizational leaders, development staff, and Special Olympics' largest grassroots fundraisers for the organization - law enforcement, while simultaneously supporting a very important cause.

Special Olympics provides year-round sports training and competition, education, and athlete health programs to individuals with intellectual disabilities participating in Special Olympics. Since its inception in 1981 the Law Enforcement Torch Run® (LETR) for Special Olympics has raised more than 1 billion dollars globally.
