Special Committees, Ways & Means, and Hostesses, to be appointed by the President.

Your President wishes to thank all of the Society members who have contributed so much to the success of the organization during the past two years. Without the support, loyalty and hard work of its members the many projects planned could never have become a reality. Our House and Museum are now well known throughout the nation and our visitors are becoming greater in number each year. I am confident that our Society has a bright future and will continue to have one just as long as the members continue to work together for the good of the organization.

Sincerely,

Donald W. Fowler, President
