You can create characters and form parties or transfer characters only in the beginning of the game in the Refugee Camp. To create characters, form your own parties, remove characters or rearrange their marching order, use the Character Creation Commands described below.

- NOTE:** Unless you took the party back to the Refugee Camp *and* removed them after you last saved, answer "yes." - If you want to transfer your characters to another disk, you must return to the Refugee Camp and remove the party from the roster. If you don't do this, your experienced party won't be saved back at the Refugee Camp—the only place from which you can transfer characters.
