THE DARK LORD HAS EMERGED.

Deep within the bowels of Estoroth's fortress dwell armies of venomous pod creatures.

Unleash a deadly swarm of insects on the ruthless keymaster, "Enslaver."

Intelligent monsters ambush, battle and even flee from your party.

Decaying flesh hangs like war banners from the torsos of a shambling skeletal army, their eyes gleaming in blackened sockets like embers in the ashes of an evil sacrifice. Estoroth, master of death, has sent these undead battalions on a hideous mission of vengeance. They are to seek out the descendants of those who banished him from Astera long ago and destroy them in indescribable ways. Now you must assemble a band of adventurers to recover the lost relics that sent Estoroth into exile. Only their combined power can seal this waking nightmare once again in THE BLACK CRYPT.
