DATA DISKS - VOL 1

Just when you thought you'd won! In the final battle of Bloodwych, the Lord of Entropy was not in fact killed, he was merely 'ejected' from our world into his own. To take his revenge he has summoned you to his world, where he has created a new dungeon that makes Treihadwyl seem like a holiday camp. Fail in your quest to banish him and he will feast, slowly on your soul.
