CHESS PLAYER 2150

Outright winner of British Open Personal Computer Chess Championship

Chess Player 2150 is the strongest & most versatile chess program yet, with the most advanced graphics and the widest range of features available, many of which have never before been implemented on a personal computer.

COMPREHENSIVE SKILLS: Chess Player 2150 perfectly understands all the rules of Chess, including underpromotion and draw by repetition. It can achieve all the standard mates as well as handle difficult pawn endings.

POWER & INTELLIGENCE: Chess Player 2150 is packed with chess knowledge and strategic insight which uniquely allows it to search only those moves which are interesting and not to waste time on 'trivial' lines of play.

STRENGTH OF PLAY: Chess Player 2150 consistently defeats other chess programs at tournament levels it will even challenge the strong club player.

SPEED AND FLEXIBILITY: Chess Player 2150 is incredibly fast, you can determine the level of play by setting its response time in any of four separate modes to give literally thousands of levels. It can even predict your next move and then use your time to consider its response.

OPENINGS LIBRARY: Chess Player 2150 has a massive openings library of over 96,000 bytes plus the incredible feature of adding strong moves to its library during play thus becoming a meaner and tougher opponent the more times you take it on.

EASE OF USE: Every possible feature, 3D graphics, special easy mode for beginners, mouse controlled move input, take-back move facility and full menu control make this the ideal program for beginner and expert alike.

SPECIAL FEATURES INCLUDE: 2D and 3D display, choice of chess sets, unique way of setting levels by time to give you complete control, change sides and levels during play, save/load games from disc, set up positions, recommend move, self play and supervisor mode, thinks in your time, special features for beginners, total on screen information includes time spent so far, time spent for each move, score, best line, contains special problem positions for you to try, rates your play on the international ELO scale, and much much more.
