CONAN THE CIMMERIAN

You have heard the tales of Conan's adventures. Only now will you have the opportunity to live the life of Conan.

Conan's Hyborea is a realm of great peril and supernatural evils. Wizards perform dark sorceries, gods and demons roam the lands and the remnants of ancient races contend with upstart humans for mastery of the Earth.

Our odyssey begins with murder most foul. When Conan's village is massacred by the ravaging hordes of Thoth Amon, high priest of the vile cult of Set, Conan vows to avenge the death of his family and friends.

The oath sends Conan out of the hills of Cimmeria to explore Hyborea, to search out its hidden secrets and learn of its powers. Explore with Conan the wretched hive of thievery and wickedness that is the city of Shadizar. Descend into the crawling tunnels and dungeons beneath Zamboula and try to enter the dread Temple of Skulls itself. Learn the secrets of Hyborean sorceries to help Conan overcome its many natural and supernatural perils. Only with luck, courage and constant struggle will Conan have the chance to force a reckoning with the powerful Thoth Amon.
