CRIME TIME

Screenshots Atari

You wake up in a room and don't remember how you got there. You are sure though you've been drinking quite a bit, but how all this happened. Last night there was a murder in this hotel and the finger is pointed at you. You know you're innocent but somehow you get out. The clock is ticking away

... a dirty little hotel where you must have been. You just can't remember there was a murder in this hotel. You are not guilty though. You have to prove it before time runs out. The ultimate crime adventure.
