

The Kingsoft logo consists of a stylized 'K' made of blue and white squares, followed by the word 'KINGSOFT' in a bold, blue, sans-serif font.

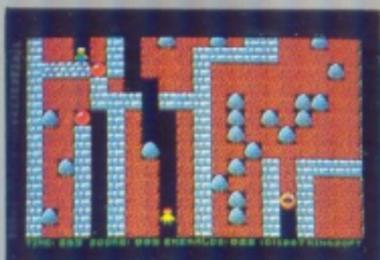

KINGSOFT

Commodore
AMIGA

EMERALD MINE

by Klaus Heinz and Volker Wertich

A giant arcade adventure with over 100 levels and a two-player option (playing simultaneously in teamwork!); joystickcontrol. "I like the smart graphic with the funny monster-sprites but most of all the sound: The zippy rhythm of the title song and the digitized sound effects are excellent. Most surprising is the low price of the game." (HAPPY COMPUTER)
