Erik is not your ordinary 8th Century pillaging, marauding Viking. He doesn't go around invading other countries, burning their villages, murdering their men-folk and carrying off their women. However, Erik's peace and quite is shattered when the evil god Loki comes onto the scene.

Journey with Erik through each of his worlds as he confronts the terrible dangers that await him. Help him to find the skill and cunning necessary to overcome the forces of the evil god Loki and so earn the right to live in peace.
