Sent to investigate ominous rumours, you find that the ruined Temple Darkmoon has been rebuilt and occupied by a powerful being with a terrible plan - and an army of monstrosities to carry it out! The stunning pictures, realistic animation and 3-D "you are there" point of view are awesome, but EYE II gives you much more:

BIGGER Includes a forest, temple, catacomb and three huge towers. The bigger story means more people to meet, clues to learn and mysteries to unravel!

BETTER graphics and improved point 'n' click interface, which makes playing even easier.

MEANER There are lots of new, smarter, meaner monsters - some of the nastiest ones are human!

"This will make even the most anti-RPGers eat their hats." **PC FORMAT 89%**
