HINTS

The objective is to rescue Daisy, but as you'll discover there'll be a further mission should you complete that.

You have three lives.

Be careful in water - everyone knows that eggs are air breathers!

Don't turn into a fried egg - avoid fire!

The wildlife is dangerous - Dizzy looks tasty...

The Inventory (List of Objects Carried)

Pressing Pick Up takes you to the Inventory.

If you were standing next to a object then Dizzy will automatically pick it up and assume that that you wish to leave the inventory without dropping anything. But if you were not standing next to an object then the top object being carried will be selected for dropping.

Exit the inventory with the DROP/USE key which will drop or use the selected object.

You can change the automatic selection by using left & right or up & down.

GOOD LUCK - YOU'RE GOING TO NEED IT!
