POOL & BILLIARDS

Grab your cue and head for Fast Eddie's,
the most realistic simulation of pool and billiards
for the Amiga Computer.

At Fast Eddie's you can choose from among
fourteen different games among four tables
including:

Pocket Pool Games

15 Ball
8 Ball
6 Ball
Moon
14.1
9 Ball Plus
Wild Sevens
Golf
Cut Throat
Rotation

Plus

- Bumper Pool Table
- Carom Billiards Table
- Snooker Table

Whether you consider yourself a novice, expert or
legend, you can select your level of expertise. You
can play alone, with up to four other players,
against the computer or have your Amiga
computer simulate up to four players.

You can practice pre-defined trick shots, or set up
your own trick shots.. User definable Preferences
allows you to show path of the cue while the use of
the video recorder enables you to immortalize
your best shots or near misses.

Fast Eddie's includes real world handling of Scratch
and cue ball spins. To add to the atmosphere of
the pool hall, there are high quality digitized
sounds and an abundance of colorful remarks
from your opponents and the pool hall manager.

If you tire of pool, you can play the Arcade Game
in the back corner of the pool hall.

Fast Eddie's includes an extensive manual
describing the background and rules for each
game to both inform and entertain you.
