"Once in a long while, a program comes along that transcends itself. *The Fool's Errand* is one such program."

—Donald Brown, *MacGuide*

"Cliff Johnson has taken computer gaming, turned it inside out and upside down, and redefined the state of the art to a new high in achievement."

—Neil Shapiro, *MacUser*

The award-winning *Fool's Errand* is a game like no other. It tells the enchanting story of the fool in his search for wisdom, intertwined with over 80 original puzzles: graphic, word, logic, and more.

Each unique puzzle is woven into the threads of the unraveling story. The puzzles give you pieces of the sun's map. But the map is a puzzle as well. And there are more puzzles that lie hidden in the map.

You figure it out.

And when you do, you will be rewarded with a four-minute animated finale.

You will have earned it.

Here are a few of the enchantments that await you...
