LEATHER GODDESSES OF PHOBOS[®]

The background of the cover is a dark space scene. At the top, the Earth is visible. Below it, the smaller, cratered moon Phobos is shown. In the lower right, a futuristic city with tall, tiered structures is built on a green, hilly landscape, presumably Mars. The title 'LEATHER GODDESSES OF PHOBOS' is written in large, yellow, 3D block letters with a blue shadow, curving across the top and middle of the scene.

LEATHER GODDESSES of PHOBOS

Since its release in August 1986, *Leather Goddesses of Phobos* has won numerous accolades and awards. The fastest-selling Infocom title ever, it was the first interactive story with an amusingly risqué theme and three "naughtiness" levels—tame, suggestive, and lewd.

With *Leather Goddesses of Phobos*, author Steve Meretzky has created a hilarious spoof of 1930's pulp science fiction. You're kidnapped by minions of the fiendish Leather Goddesses, who are plotting to turn the Earth into their private pleasure palace. If you succeed in escaping their clutches, you'll begin a naughty, bawdy, and very, very amusing romp across the solar system. Your mission is to collect the materials you'll need to defeat the Leather Goddesses and save humanity from their dastardly plan.

MASTER STORYTELLERS.**
Interactive fiction software from

Infocom is unlike anything you've ever experienced. It's a whole new dimension in storytelling.

Think of your favorite story. Now think of the main character in that story. And imagine that YOU have become that character. You are standing in his shoes, in his world. You have people to meet, places to visit, and challenges to face. It's all just as vivid as anything you've ever experienced in real life. The decisions are yours... and so are the consequences.

In interactive fiction, you communicate with the story through conversational English sentences typed into your computer. The plot unfolds as you decide what to do next, drawing you into a world so involving that it taps your adrenaline as much as your intellect. With hundreds of alternatives at each step, your adventure can last for weeks and even months.

Journey to a place limited only by your imagination—the world of Infocom's interactive fiction.
