Leisure Suit Larry 1 Age Questions

The problem with these questions now is: they're only good at identifying someone over age 41 now!!

And yes, the O. J. Simpson question below was in the original game back in 1987, long before O. J. ever was indicted!

I recommend you use the Find function of your browser (usually that's Ctrl-F) and let it do the searching. There's a lot of words on this page!

Thanks to [Juha Terho](#) of [Finland](#) for extracting this information from the game and sending it to me. He has also created a Sierra-style game of his own named [AGI Quest](#).
