Five...four...three ...two...one...GO!

Your 300bhp Ford Group A Sierra Cosworth roars away from the starting line, skidding round the hairpin bends, as you speed through unfamiliar, ever-changing terrain....in a race where every fraction of a second counts.

Lombard RAC Rally recreates all the excitement of the world famous Rally — with the help of RAC drivers who guarantee its authenticity.

Complete the five stages — down winding tracks, through verdant forests and over precarious mountain ranges — with the additional hazards of night driving and fog.

Repair damage and add new features to your car in the workshop, and earn money for spares by taking part in a TV interview.

This is the official simulation of a lifetime ....will your skills measure up to the challenge?

Inside is a 16-page booklet containing a history of the Rally plus full technical specification of the Cosworth, 15 maps to help you plot out your course, and a colourful sticker to commemorate your participation in the Rally.

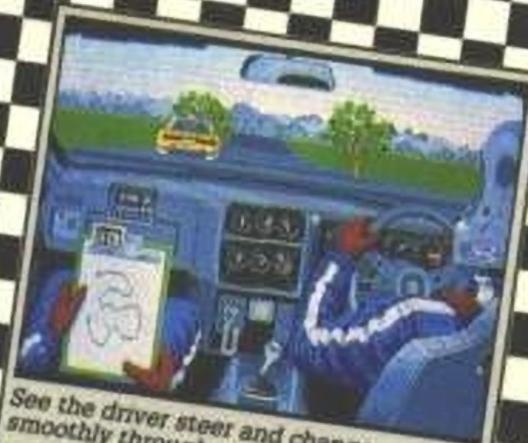

See the driver steer and change smoothly through each of the gears

Drive down twisty lanes at night with an incredible 3D view of the road

Use all your powers of concentration to negotiate the mountain range

Build up or repair your car at any time in the well-equipped workshop
