# M1 TANK PLATOON

## The Definitive Simulation of Armoured Land Combat.

- **Strategic and tactical command.** Plan your winning strategies, giving orders to your platoon of tanks, calling in airstrikes and artillery. At any moment you can jump into the thick of the action, taking over direct control, as commander, gunner or driver of any tank.
- **Realistic Battlefield terrain.** Make use of natural cover, such as hills, ridges and buildings to hide your tanks; across the huge 16,000 acre 3-D battle zone, just like a real tank commander.
- **High-tech war.** Laser rangefinders, depleted uranium penetrators, wire-guided missiles, reactive armour, air support and artillery make M1 Tank Platoon the most comprehensive, up-to-date simulation of armoured land warfare available for your home computer.
- **Leadership.** Each of the 16 men in your tank platoon has his own battlefield skills and abilities. Improving with experience, promotion and decorations, your chances of success increase as your platoon become battle hardened.
- **Endless variety.** Fight during the day, at night, in snow, mud, rain or clear weather. With thousands of battlefields and millions of situations and you get endless enjoyment. Decide between single battles or an entire campaign.
