Commodore Amiga

WARNING!

The disk drive fitted in your Commodore Amiga may have difficulty when attempting to load the simulation after the opening title sequence is completed.

If you encounter this problem, leave the disk in the drive and press the "Control" key, the right "Amiga" key and the left "Amiga" key simultaneously, immediately after the opening title sequence.

The simulation will then load.

Please call MicroProse Customer Services on
UK 0666 504329
if you require any further assistance.
