## HISTORY IN THE MAKING

You are taken far, far back in time to confront the evil God Dameron, who has taken control and is changing good Gods to bad. He is upsetting our past and future and our destiny.

Myths are no longer theory, myth is reality.

Your adventure takes you through the mythological eras of time, to stop the spread of evil, to question the judgements of the Gods, to call the bluff of the demons and to set the record straight.

Myth is no longer part of the imagination.  
MYTH IS HISTORY IN THE MAKING...

### AMIGA ACTION - SUPER LEAGUE (96%)

"System 3 are most certainly onto a winner with Myth... the graphics are absolutely superb... the sound has to be heard to be believed. There is so much in Myth it's almost uncomprehensible."

### THE ONE (93%)

"Great graphics, great sound, great gameplay - great Game!... He may have started life on the C64 as a boy, but Myth has made it onto the Amiga and become a man."

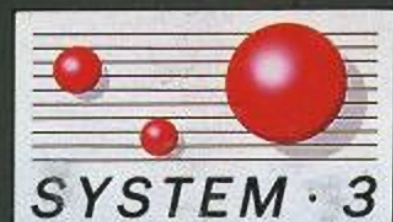

### ZERO - ZERO HERO (91%)

"The sound is just scrummy... background graphics are well smart... but best of all is the animation - the movement sequences of the main sprite are beautifully fluid and fast... Art, sheer art."

### AMIGA COMPUTING - GAMER GOLD (94%)

"The best arcade adventure around. For once a game that's worth all the hype that surrounds it. Buy it... you'll be hooked."
