Oil Field Burning !

Your enemies are celebrating. Oil field 17 is burning furiously and you won't be able to meet your delivery dates. Luckily you still have enough money left to open two new plants. In the meantime, your spies are looking for the incendiary...

Oil Imperium shows you how tough business can be. Dirty tricks, the kind you'd normally only see on television, are part of your agenda everyday. But besides your instincts for money and intrigue, you also require skill for the action- sequences where you must search for oil, set up pipelines or try to extinguish fires.

Oil Imperium can be played by one to four players.
