...a cataclysmic conclusion to the greatest AD&D computer fantasy role-playing series ever!

First there was *POOL OF RADIANCE*. Next came *CURSE OF THE AZURE BONDS*. Then followed *SECRET OF THE SILVER BLADES*. Now, the epic has come full circle — ***POOLS OF DARKNESS*** takes you back to the Moonsea area for the final battle against the ultimate enemy.

Prepare yourself for the biggest adventure yet! *POOLS OF DARKNESS* propels you into alternate dimensions on an enormous quest. And, it boasts a fully evolved version of the award-winning game system used throughout the series.

Transfer your characters from *SECRET OF THE SILVER BLADES* with levels, money and items intact, or create new characters! Either way, you're in for some high-level action! Battle monsters never before encountered. Cast powerful new spells. Achieve character levels well above the 25th level!

As if this weren't enough, state-of-the-art graphics and crisp digitized sound make this a true masterpiece of the fantasy role-playing art!
