ELECTRONIC ARTS®

In the 25th Century, Race Cars have Wings.

Pit your courage and skill against four combat-hardened galactic rivals; be prepared to fight as well as fly.

Battle against a human opponent in the ultimate racing challenge, a dual machine datalink using two computers.

Blast into the robot pits for both routine adjustments and critical repairs.

Fast and smooth 3D graphics: plunge into dimly lit tunnels, twist past huge crushing gates, and dive through deep crevasses.

Choose from six challenging courses set on five different planets, each with unique atmospheric and weather conditions.
