# QUARTZ

Quartz – an all-action, eight-way scrolling, graphical extravaganza blast-'em-up. Featuring some of the most lurid graphics this side of Andy Warhol's Pop Art, the action takes place in the lattice layers of a crystal, flying through a cloud of sub-atomic particles. Blast everything in your way and collect 'quarks' that are released by the destruction of particles. These can be used to upgrade your ship's weapons when critical density is reached. With eleven different 'powerups' available to you, such as flame thrower and octogun, life is never dull.

Quartz – fast action, vivid graphics and exciting gameplay. Another smash hit from Firebird.

- ☐ Four levels of non-stop frenetic action
- ☐ Smooth, fast, eight way scrolling
- ☐ Mind-numbing colours
- ☐ Eleven different 'powerups'
- ☐ Varying game action adds up to superb variety
- ☐ Gameplay that will keep you entranced for many hours at a time
