**Hi-jump potion:** It will help Quik to jump higher. It can be very useful to reach some bonus or inaccessible platforms. It's effect is short and doesn't make Quik invincible. The

potion appears in orange on screen.

**Carrot:** If Quik wants to finish his adventure he must find some.

**Water:** In the Oblivion Desert, Quik will need a lot of water if he doesn't want to lose his chance to get the Ultimate Seed.

**Life:** Gives an extra life.

**Qronos:** You'll find it behind the Door of time. It will allow Quik to end his mission before predators attack.

**Bumpers:** Useful to discover certain platforms and certain bonuses, but especially to access the Doors of time.

**Door Of Time:** opens on a parallel world kept by a very irritating bird. In this world you'll find Quronos. Once you find it you will automatically return to the level you've left, just in front of the Door Of Time.
