Soviet Commander: "Who are you?"

Rambo®: "I'm your worst nightmare."

Remember that line? Now YOU can deliver it to the enemy—in person. Thirty miles over the Afghanistan border, Soviet forces are torturing your friend and mentor, Colonel Trautman. You're the only man alive with enough guts, brawn, and resourcefulness to single-handedly rescue the man who taught you how to fight. Every Soviet commando, tank, and attack chopper in the sector is on your tail. It's the ultimate contest for the ultimate fighter.

It takes more than muscle to de-activate electronic gates, cross treacherous mine fields, and find the keys to Trautman's cell.

Ever fly one of these things? With the enemy breathing down your back, that Hind chopper's the best way out of this hell hole.

It's just you and your hijacked tank against anti-tank missiles and choppers. Sight in and rearrange that balance of power!
