RICK DANGEROUS

A NEW STYLE OF ACTION

He's here. He's mean. He's Dangerous...

RICK DANGEROUS

Intrepid adventurer, super-hero and part-time stamp collector Rick Dangerous is in trouble. He forgot to refuel his plane.

Crash landing in the Amazon jungle armed only with his trusty six-shooter, a stock of dynamite and a big stick, he's up against the savage Goolu tribe in cavernous Aztec temples.

Rick soon realizes that he can't smooth talk his way out of this one, as boulders tumble, spikes shoot and spears spit in his general direction. Fiendishly clever puzzles need solving and life-terminating traps need dodging - but Rick just smiles, pulls down his hat and takes it in his stride.

Surviving these perils only leads to another hair-raising scrape as Rick dices with death in the Egyptian tombs of the Far East, sneaks stealthily through guarded castles, and finally destroys a deadly missile dump.

Rick Dangerous is a totally addictive, arcade-action puzzle game with a cult following;

C&VG June 89 87% "Brilliant in all respects. Don't leave your software shop without it."

ACE June 89 890 "...a splendid platform puzzler."

The One June 89 88% "Highly recommended."
