IT'S THE REVOLUTION

# ROTOX

**ROTOX** – The man was a trooper in the elite marines, injured on combat duty.

**ROTOX** – The cyborg has been transformed by 22nd century science into a devastating cybernetic fighting machine. **ROTOX** – The game is the proving ground.

Specially constructed landscapes in deepest space provide a nightmare environment of deadly machines and hostile life forms. Mistakes are fatal, but success will lead **ROTOX** to the high-powered weaponry he needs to escape ....

**SURVIVE** – and you will build yourself into a lethal fighting machine. **FAIL** – and your soul will wander the galaxy forever....

**ROTOX** – L'homme était un soldat d'élite des marines, blessé dans une mission de combat.

**ROTOX** – Le cyborg a été transformé par la science du 22ème siècle en une dévastatrice machine cybernétique de combat.

**ROTOX** – Le jeu sera votre terrain d'essai. Une révolution technique, la Rotoscope, permet aux paysages de tourner autour de vous à 360° pour révéler un environnement cauchemardesque de machines et de formes de vie hostiles. Les erreurs sont fatales, mais le succès mènera **ROTOX** aux armes hyper-puissantes dont il a besoin pour s'échapper...

You want a revolution? ... You've got it! **ROSCAPE** combines the colourful detail of large sprites with the complete freedom to move around a background landscape constructed of polygons. Watch in amazement as this detailed background zooms, scrolls and rotates through 360° around you, giving an incredibly lifelike feel to the game.

**ROTOX** – L'uomo era un combattente scelto ferito in combattimento.

**ROTOX** – Il cyborg è stato trasformato dalla scienza del 22mo secolo in una devastante macchina da guerra cibernetica.

**ROTOX** – Il gioco è il terreno di prova. Fondali speciali allestiti nello spazio profondo, sono l'ambiente da incubo dove si muovono macchine micidiali e forme di vita ostili. Gli errori risultano fatali, ma il successo porta **ROTOX** verso le armi ad alto potenziale che gli occorrono per fuggire...

**ROTOX**

Der Mann war Soldat bei den Elitetruppen und wurde im Kampf verwundet.

**ROTOX** – Der Cyborg ist durch die Technologie des 22. Jahrhunderts in eine kybernetische Kampfmaschine verwandelt worden.

**ROTOX** – Das Spiel ist die Bewährungsprobe. Speziell gestaltete Landschaften mitten im Weltraum bieten eine alptraumähnliche Umgebung mit tödlichen Maschinen und feindlichen Lebewesen. Fehler sind lebensgefährlich, aber der Erfolg wird **ROTOX** zu den Superwaffen führen, die er für seine Flucht braucht...
