TALES OF ADVENTURE

JUNIOR LEVEL

Hidden in the depths of every SEASTALKER package: your SEASTALKER disk, your Scimitar Logbook, four top secret Infocards, an Infocard decoder, a nautical chart of Frobton Bay and your Discovery Squad Badge.

There's something down there in the ocean, something terrifying. And you have to face it—because only you can save the Aquadome, the world's first undersea research station. The alarm sounds and your submarine, the *Scimitar*, is docked nearby. But not so fast—you haven't even tested the *Scimitar* in deep water, and the crew at the Aquadome may have a traitor in its ranks. So be careful! You have many possibilities to consider, mysteries to unravel and life-and-death decisions to make!

Success won't come easily. It may not come at all—because, if you challenge the deep without using all your wits, you just might wind up as shark bait!
