Shadowgate

Developed by ICOM Simulations, Inc.

The wind whistles shrilly through the halls as you step gingerly over the threshold. You've just entered **Shadowgate**, once a shining fortress, now an evil, dark, moldering ruin. In your hands lies the fate of your land... freedom and sunlight, or the dark dominion of the Warlock Lord. Only you, the last of an ancient line of kings, can hope to stop the evil one from his dread purpose: the raising of the titan Behemoth and the destruction of the land.

Enter **Shadowgate's** diabolical fantasy world filled with dragons, demons, wizards, trolls and more than a little mayhem. A tangled web of intrigue draws you in, until it's too late and you're trapped. Like **Déjà Vu** and **Uninvited** before it, **Shadowgate** has earned the praises of game players everywhere.

"*Shadowgate* is technically, visually, and aurally superior to most of its competition..." — MacWorld Magazine

"In keeping with tradition, *Shadowgate* is one of the most exciting games around. It has everything a great graphic adventure game should have; great graphics, great sound, great adventure." — MacUser Magazine

"*Shadowgate* is an excellent product." — Computer Gaming World
