Amiga Power

Discover the most addictive game created since man invented draughts.

Spot takes minutes to learn, yet is guaranteed to keep you coming back for more...and more...and more.

In the quest to dominate the playfield, you do mind-bending battle with up to three opponents - human or computer. Learn to think ahead, develop your skills - then ramp up the challenge by changing the difficulty level.

Spot offers five skill levels, allow you to design custom playfields to your heart's content, and can even introduce an extra element of stress by playing against the clock.

As new Computer Express said:

"Original and playable to last a life time. Don't miss it!"
