The crazy duo from MAD Magazine continue their fight! This time, your fight takes place in the frozen arctic. Find the essential components of a brand new rocket, before you freeze to death, AND before your opponent—the deadly Black Spy.

Polar bears, thin ice, igloos, snow drifts, and of course the SNOWBALL FIGHT all feature in the continuing saga of the two Spys.

Featuring the amazing 'Simulvision', you can play against the computer or a friend in this crazy, comical race against time.

"Arctic Antics provides long-lasting, humorous and addictive gameplay for players of all ages."
