It's the crazy duo from MAD Magazine! Can you escape from the Embassy, together with passport, secret plans, key and travellers cheques, AND before your plane leaves?

Featuring the amazing 'Simulvision', you can play against the computer or a friend in this crazy, comical race against time.

With booby-traps ranging from buckets of water delicately balanced on doors, to the lethal time-bomb there's never a dull moment.

"Fantastically addictive and amazingly playable—one player mode is brilliant, two players is outstanding!"
