## SYNDICATE™

In the dark and twisted cities of tomorrow, corporate Syndicates compete for global dominance.

But in the future there are no board-room deals, no corporate takeovers, no politics - just the dreadful justice of a gun-toting machine who knows no remorse.

- \* Control your team of Cyborgs.
- \* Compete with 8 other Syndicates for control of over 50 territories.
- \* Construct and arm your Cyborg agents.
- \* Living cities with their own infrastructure, police force and transport system.
- \* Stunning sound effects and action-sensitive music.

Dans les cités obscures et inquiétantes de demain, de puissants groupes de Syndicates luttent pour la domination globale du monde.

Mais, dans ce futur, les négociations officielles, les arrangements financiers et les manœuvres politiques ont disparu. Il n'y a plus que ces terribles justiciers, ces machines à tuer qui n'éprouvent pas le moindre remords.

- \* Contrôle totale de votre groupe de Cyborgs.
- \* Combats contre 8 autres syndicats pour le contrôle de plus de 50 territoires.
- \* Construction et équipement de vos agents.
- \* De véritables cités vivantes avec une infrastructure, un réseau de police et un système de transport uniques.
- \* Effets sonores saisissants et musique adaptée à la situation.

Nelle tenebre e confuse città del domani, i Sindacati coporatavi gareggiano per il dominio globale. Ma nel futuro non esistono accordi presi a tavolino, acquisizioni lecite o politiche aziendali - vige soltanto la terribile legge delle armi di chi non conosce rimorsi.

- \* Controllate la vostra squadra di cyborg.
- \* Gareggiate con altri 8 Sindacati per il controllo di oltre 50 territori.
- \* Costruite ed armate i vostri agenti cyborg.
- \* Città popolate con le loro proprie infrastrutture, forze di polizia e sistemi di trasporto.
- \* Stupefacenti effetti sonori e musica "action-sensitive".
