WHIRLPOOL OF ARCADE ACTION!

A TREASURE CHEST OF BEWILDERING PUZZLES!

*The crane lowers you into the water...
Now you're on your own!*

*Explore every option, no matter how
unusual, to help you grab the gold!*

The poison-filled tentacles of a gleaming jellyfish suddenly appear in front of your faceplate. You dodge to the right, leaping to the top of an algae-covered crate. There it is! The Esmeralda's gold!

A glowering stingray races straight at you. Your air supply is running low. What else could go wrong? Plenty!

- ◆ Sidestep stingrays, dodge crabs, elude electric eels — you're the main course at this underwater lunch.
- ◆ Plunge through 100 multi-level rooms, moving chests, riding barrels and chasing crustaceans to scoop up a fortune in gold.
- ◆ Your brass diving helmet helps you breathe, but only the mind inside can figure out the unusual paths to the gold.
- ◆ Capture friendly fish — they can help you in a tight spot.
- ◆ Pick up keys to enter new rooms — knowing which key to discard, and when, can make you rich — or keep you searching!
